

Today we have Common Core Standards, Federal standards forcing every state into the same curriculum in order to meet the standards.

DID YOU KNOW THAT:

- Stats are in and Florida FAILED. FL is 47th
- The Bush family made a fortune controlling vendors for NCLB and FCAT.
- The funders and course producers eliminate competition and will make a fortune at the kids expense? Bush, Gates
- Governor (Crist) agreed to CC before the standards were written?
- Common Core is NOT state-led?
- Common Core teaches COLLECTIVISM, and replaces family with school, God with Government and US with UN.
- Schools must adhere to the program word for word, with little ability to ADD original content, which is not on the exam?
- The cost of CCS escalated resting on the backs of the taxpayers?
- CC requires massive upgrades in computer equipment and current bandwidth?
- States were coerced to adopt CCS hidden in RTTT grant tied to NCLB waivers and federal Title 1 funding?
- CC contains internationally benchmarked standards following UNESCO sustainable developments standards?
- The federal government requires the state to maintain a database on every child from Pre-K to workforce containing over 400 data points to track everything about your child AND his/her family?
- Data can be shared with agencies & NGO's
- The federal government by law is not allowed to maintain a national database?
- Gov Scott just changed the name not the program, Florida Sunshine State Standards is Common Core.
- Charter Schools DO NOT answer to elected School Boards.

- In 2014. Florida passed SB873 allowing districts to choose their individual curricula and tests. NOT ONE DISTRICT eliminated Common Core due to FLDOE funding requirements.
- HS students could graduate reading at a 7th grade level, by 8th grade, will be two years behind other countries in math skills according to Dr Milgram, Dr. Milgram, Stanford University
- Dr. Stotsky (member of CC validation team) considers CCELA and reading standards as simply empty skill sets?
- HS English teachers are required to spend at least 50% of time on non-fiction and informational texts such as US political documents, court decisions, STEM manuals?
- American Exceptionalism not taught?
- American history begins in 1865 in HS. Propaganda and erroneous information about America found in lessons?
- CC focuses on ISLAM not all religions
- Cursive writing has been eliminated?
- Career path selection could be in middle school or elementary school?
- Anti-capitalist terrorist Bill Ayers is directing the creation of AP History.
- SAT testing is being structured to conform to CC?
- Homeschoolers, private school and charter schools will conform to CC
- The testing costs under CC may triple what Florida is currently incurring?
- This untested unproven program will cost a fortune with ??? results.
- Liberals have controlled Education for years with no significant results just high costs.

Common Core Standards =New World Order" for America

Create Crisis:

American education is a disaster. Scores are awful, America is slipping. Students are not ready to work. More money is needed. Standards are high enough .Look at the other countries.

Find Someone to Blame:

- Teachers or Class size
- Lengthen school day, school year
- Not the right food
- More social programs
- Increase school responsibility
- Diminish parental responsibility
- Choice
- NOT ENOUGH MONEY

In the 1960's students were coerced into teaching. The teaching profession was the draft exempt job created to avoid the Vietnam War. Gramsci, Skinner were the authors of educational policy Dewey used to create "Modern Education." Subliminal messaging was used. Unsuspecting college students were forced to participate in experimental learning concepts. All have failed and the unsuspecting students suffered as the purpose of education was changed from reading, writing, arithmetic to feel good social programs rooted in the Freudian, socialist, Marxist mentors of Dewey.

There is a concerted effort to dumb the kids according to, Charlotte Thompson Iserbyt, Senior Policy Analyst, in the Reagan Administration, where she discovered the Eisenhower commission of governors, sent to the Soviet Union in the late 1950's to study Soviet education. They came back with an amazing discovery. Changing the mind set from freedom to subservience is easy if done in school where kids should be trained to work. Dumb people will have less demands on the government. Read her book, Deliberate Dumbing Down, visit her web site deliberatedumbingdown.com.

So with the help of the Rockefeller Foundation, the environment was chosen as the crisis. To Save the planet kids sacrifice anything. The method of Outcome Based Education was chosen by the Carnegie Foundation. The get grants.

"A massive campaign must be launched to de-develop the United States. De-development means bringing our economic system into line with the realities of ecology and the world resource situation." - Paul Ehrlich, Professor of Population Studies

Schools are perfect to mold young minds with lies about man made global warming watch the kids grow up and beat up their parents, friends and family for destroying the planet. Teach them lying is OK to get desired outcome, "ends justify the means" Elect them and watch rules and regulations to destroy America and capitalism all to saving the planet.

1989 Governor Association on Education – Shirley McCune, McRel Foundation, Gov Bill Clinton, Pres Bush 41, Changed education in America forever:

- **Students are HUMAN CAPITAL Education's purpose is to train students to work.**
- **Purpose of Education was to Transform Society from individualism to collectivism**
- **Fact Based Education is not longer the primary focus of education**

The roots of communism began to sprout. Using the theme that Humans are the enemy of the earth, IB Education is run:

- Not by local school districts;
- Not by the State of Florida;
- Not by the U S of America;

But run by international agencies, in this case, run by the United Nations

All education programs were to be changed every 4 years according to Education Code. The Federal Government was not supposed to be involved in Education. Education was parental, local and state led until ...

Using grants and lots of money as prizes, the Federal Govt devises programs and schemes to force local governments into unconstitutional communist school programs. These programs made millionaires out of business benefiting from the Federal mandates. Gates, Bush, Achieve, Kipp, Pearson, Saudis anyone working in new government sanctioned programs benefited as the kids got dumber and parents were asked for more money.

School to Work became Goals2000 which became NCLB then Common Core. All programs were created from the same Marxist concept denouncing capitalism favoring collectivism. Students were taught to blame America, God and family and replace them with school and government. Today 87% of the graduates think it is the job of government to take care of them. Today responsibility and consequences, logic, reason, cognitive thinking, order, priority, destiny and excellence are replaced by choices selected by the government. The government has all the answers. History has been altered and school is nothing more than a communist propaganda machine demonizing any dissenter.

Race To The Top (RTTT) was a perfect diversion for the total take over of American education by the communists running the DOE. Financially strapped state Governors closed their eyes to the fine print in the grant and signed onto Common Core standards and a 400 field of intrusive personal survey question now housed in a National Data Base with cost unknown.
