

## The Gold Fringe

You may have noticed that the national flag of the United States always has a gold fringe when displayed in court or federal buildings, and you see this also in federally-funded schools and on the uniforms of US troops. Under the International Law of the Flags, a gold fringe indicates the jurisdiction of commercial law, also known as British Maritime Law, and, in the U.S., as the Uniform Commercial Code, or UCC. The gold fringe is not part of the American flag known as the Stars and Stripes, but it is a legal symbol indicating that the court, government building, school or soldier is operating under British Maritime Law and the Uniform Commercial Code; military and merchant law.

For example, if you appear in a court with a gold-fringed flag your constitutional rights are suspended, and you are being tried under British Maritime (military/merchant) Law. If it seems strange that a court or building on dry land could be administered under Maritime or Admiralty Law, look at US Code, Title 18 B 7. It says that Admiralty Jurisdiction is applicable in the following locations:

- 1) the high seas
- 2) any American ship
- 3) any lands reserved or acquired for the use of the United States, and under the exclusive or concurrent jurisdiction thereof, or any place purchased or otherwise acquired by the United States by consent of the legislature of the state. In other words, mainland America.

*Any courtroom that displays a yellow fringed flag behind the Judge is a military courtroom which is operating under military law and not constitutional law, or common law, or civil law, or statute law.*

Title 4 U.S.C. Section 3 provides that anything added to the Title 4 USC, Sections 1,2 American Flag such as gold fringe **MUTILATES the Flag and carries a one-year prison term.** This is confirmed by the authority of Title 36 USC Section 176(g). The gold fringe is a fourth color and, purportedly, represents “color of the military law” jurisdiction and when placed on the Title 4 USC Sections 1,2 Flag, mutilates the Flag and suspends the Constitution. (Refer to Title 18 USC Section 242; see Black’s Law Dictionary).

## The American Flag: God, Country, Constitution, Common Law, with Equal Justice for all.

**Gold Fringed Flag:**  
(Admiralty Flag) Equity, Statutes, regulations, international law, administrative law, No Constitution, Fraud, No Justice

## The United States is a Corporation or "Don't Take it Personal, it's Only Business"

Yes, you read the title correctly. We are not living in a country with a government of the people, by the people, for the people, but we are part of a giant **Corporation, The United States Corporation, and the President of America is the CEO.** We are only the employees. This Corporation, in its turn, is owned by another Corporation, The British Crown.

"Hey, wait a minute! First of all, America is not owned by Great Britain," you may say. "That's what the War of Independence was all about; to free ourselves from British tyranny. We are free from Britain and we have our own Constitution. Our Founding Fathers helped out with that!"

If this is what you think, it is incorrect, and I will tell you why. We have never been free from Britain; the power only changed from overt power to covert power. They gave us an illusion of freedom, and they have succeeded well to keep their little secret. Thus, the Founding Fathers, who most of them were Freemasons, had no intention to give us any freedom. They worked hand in glove with the British Crown all the time, but the only way to establish a "New World" in America was to fool the people and tell them that they were fighting for freedom. This is the plain truth in a nutshell, but now it's time to back up and explain the above a little deeper...

### **Corporation of the People, by the People, for the People**

(The following section is an excerpt from David Icke's book, *The David Icke Guide to the Global Conspiracy* [and how to end it] pp. 231-233. I strongly recommend this book, because it gives you a brilliant overview of how this conspiracy works.

The United States 'government' is actually the United States Corporation. It was created behind the screen of a 'Federal Government' when, after the manufactured 'victory' in the American War on 'Independence', the British colonies exchanged overt dictatorship from London for the far more effective covert dictatorship that has been in place ever since.

In effect, the Virginia Company, the corporation headed by the British Crown that controlled the 'former' colonies, simply changed its name to the United States of America and other related pseudonyms. These include the US, USA, United States of America, Washington DC, District of Columbia (Samurais) and the President of the Corporation is known as the President of the United States. This is an accurate title given that one is the name for the Corporation is the 'United States'. He or she is not the President of the people or the country as they are led to believe – that's just the smokescreen.

It is the United States Corporation, not the 'government', which owns the United States military and everything else that comes under the term 'federal'. The privately-owned Corporation called the United States is the holding company, if you like, and the fifty states are its subsidiaries.

*All this is founded on Roman law, which goes back to Babylon and Sumerian law, because the Illuminati have been playing this same game throughout the centuries wherever they have gone. The major politicians know that this is how things are and so do the top government administrators, judges, lawyers and insider 'journalists'. Americans think that their government and legal system is pegged in some way to the Constitution, but it is not. The United States, like Britain and elsewhere, is ruled by commercial law to overcome the checks and balances of common law. It's another monumental fraud. The US court system does not operate under the American Constitution, but under corporate law. It is the law of contracts and you have to make a contract with the Corporation for that law to legally apply to you.*

## Upper/Lower Case Name Spellings

*The scam has been set up so that when you register with the 'Federal Government' in any way, by accepting a Social Security Number, driver's license, or any of the other official federal documents, you are, unknowingly, contracting to become an asset-employee of the United States Corporation...Every word, or use of lower/upper case, is making a legal statement. Have you noticed that when you receive correspondence relating to government, law and anything to do with finance, including taxation, your name is always spelt in all upper case, as in BILL JONES? **But your upper case name is not you. It is a corporation/trust set up by the 'government' Corporation through the treasury department at your birth. Every time a child is born a corporation/trust is created using his or her name in all upper case. So BILL JONES is what they call a 'straw man', a corporate, not human, entity. They do it this way because governments are corporations and they operate under commercial law, the law of contracts. The laws passed by governments only apply to corporations and not to living, breathing, flesh and blood, sovereign, free men and women spelt in upper and lower case, or all lower case, as with Bill Jones, or bill jones. The living, breathing sovereign man and woman is subject to common law, not eh commercial law introduced by governments through legislation.***
