

Notice of Demand

Date:

Legislator
Address
City, State, Zip

Dear _____:

Before taking office you took an oath pledging to protect the citizens of America and the US Constitution.

Article 4 Section 4, states: “ ... and shall protect each of them (citizens) against Invasion; and on application of the legislature or of the Executive against Domestic Violence.” This requires the Federal government to protect Americans not put them at risk by aiding criminals to enter America.

The North America Union and the one sided trade agreements like NAFTA, GATT and Trans Pacific Trade Agreement forces you to break that oath and commit treason by eliminating the sovereignty of America while redistributing America’s wealth.

Forcing me to participate in these Unconstitutional agreements forces me to commit treason by accepting these criminals into my municipality and forcing me to provide food, clothing, education, jobs and medical services to these criminals at the expense of Americans.

I demand you follow the Constitution you swore to protect and defend or I will be forced to take legal appropriate action.

Sincerely,
