Some of the issues in this letter are repetitive. That is for a reason, it takes the average person 10 times to see something before they pay attention. It is also important for you to understand that

- everything is connected
- everything happens for a reason
- nothing is random
- everything is planned
- EVERYTHING IS A LIE

This is a newspaper, and should be read one section at a time. After each section take a breath, let it sink in, then think what is the opposite. Equate every regulation to Money, Power and Control.

Did you call your legislator today? Plenty of issues at hand, SPYING, CCS, Benghazi, IRS, Immigration, Debt. Pick one but MAKE A CALL.

Obama and the Progressive D&R are going to push us into WWII as a diversion from the WH scandals. We are backing the wrong side - there is no good side.
Don't be fooled. We can win. We will be waging war on Russia and Iran. Very Bad.
Purpose of war - DEPOPULATION, Wealth Redistribution, Massive Debt
People in debt can't accumulate wealth.
American will not be able to pay the debt.
Obama will then con-seed and sell American to our debt holders, China and Russia. Good bye American land and natural resources - **the real goal.**

Hello Americans:

Do you feel the pinch, the noose of tyranny tightening every day.
But was today exciting. Against all odds, Americans are coming together showing force and strength. Be proud. Today was a win.

REC'S all over Florida are being contacted to "shut up" about CCS. Don't pass those resolutions. Follow the RINO's. RINO shield anyone?

Freedom works was called by the Ritz Carlton in Orlando to cancel their event for CCS training. No more Ritz for me. (new place will be announced).

IRS and IMMIGRATION rally were hugely successful in spite of the fact that the DC police used their Marxist trick of divide and conquer to keep the 2 rallies separate. Obama only had a few people in Germany where 10,000+ showed up in DC.

Louisiana State Sen. Elbert Guillory said in a video message delivered to constituents - and particularly, his fellow black voters - that he's finally come to his senses and realized the Democratic Party disguises an all-consuming quest for control as concern and aid for minorities. 1 down...to go.

This one is really a victory:

Earlier today the House Appropriations Subcommittee introduced the fiscal year 2014 Transportation, Housing and Urban Development funding bill - and the result could be devastating local communities around the country. (*only if you believe in Agenda 21*)

The proposed bill slashes funding to programs at both the Department of Transportation (DOT) and the Department of Housing and Urban Development (HUD) by \$7.7 billion compared to their 2013 spending levels. At DOT, the budget would eliminate funding for the popular TIGER grant program and also eliminate funding for high-speed rail and cut Amtrak's subsidy by a third, among other drastic cuts.

Earlier today, Geoff Anderson, President and CEO of Smart Growth America released a statement in response to the proposed bill. Read the complete statement there.

Writing at Canada Free Press A.J. Cameron warns us of the imposition of U.N. Agenda 21 via the White River National Blueway scheme.

<http://canadafreepress.com/index.php/article/55922#.UbuzN3ma3eg.gmail>

According to A.J.:

"This 17.8 million acre watershed is part of the National Blueways System, which is part of the America's Great Outdoors Initiative. The global elites, including notable U. S. citizens, who are orchestrating the controlled demolition of our republic and way of life, use words as weapons in a manner similar to how a professional assassin uses his/her weapon of choice in eliminating the intended target. In this case, the intended target is the law-abiding, patriotic and faith-filled U. S. citizen. The following amalgam of a paragraph is an example of their verbal treachery:

The National Blueways System is a program created to conserve natural amenities, enhance recreational opportunities, and foster sustainable economic activities within significant river systems across the country. The America's Great Outdoors Initiative establishes a community-driven conservation and recreation agenda for the 21st century. Blueways are extremely important resources for filtration of fresh water supplies, conservation of wildlife and wildlife habitat, sustainable economic activities and outdoor recreational outlets for millions of Americans."

Government Website Offers 10-year-old Girls Tips on 'Anal Sex' and 'Mutual Masturbation'

June 3, 2013

Yeah you read that right, since it's after 9pm, figured I could send this out! For those that aren't up to speed, Muslims don't

have normal intercourse with women because it's "filthy" because women are filthy...they prefer anal sex. Think this is a coincidence? I don't! Victoria

The government has a website designed especially for young girls. And you won't believe the sleaze and filth it contains:

A government website designed for girls ages 10 to 16 offers health advice and information on a wide range of topics, including homosexuality, anal sex and "mutual masturbation."

The Health and Human Services' girlshealth.gov includes tips on fitness and nutrition and an

"environmental health" section where girls can read about leading a ["green" lifestyle](#).

But the site also includes a glossary that explains anal sex and "mutual masturbation" and includes information about birth control and how to access everything from condoms to "emergency contraceptives."

For those of you who know me, you know I am never deterred...I look for a smart and direct route to my destination and then I go full speed.

It's how I raised my daughter, and took care of my family. Nailed down my own national TV and radio shows and bred and raised World Champion Quarter Horses.

Today I am going to go after NBC. I have been in the broadcast business for a long time and if there is one thing I understand its local broadcasters.

NBC is putting all their NBC affiliates in financial jeopardy with their yellow journalism.

They bring their viewers misinformation, they delete/ ignore important national stories, and then lie when they think they can get away with it.

Which prohibited the labeling of GMO's - the Monsanto Protection Act. Is your Rep voting to continue to allow Monsanto to poison Americans without giving people the ability to see if GMO is used in their food. 3 weeks ago, after huge demonstrations in Europe GMO food required labeling. Monsanto promptly pulled out of Europe stating no one will want the food once they know it is GMO. So why does your Rep want to continue to allow Monsanto to poison Americans?

EDUCATION

We have seen over and over again that former Governor Mike Huckabee has been championing the Common Core Standards, see below.

<http://www.washingtontimes.com/news/2013/jun/5/huckabee-urges-states-back-common-core/>

We are going to do a project to get Mike Huckabee educated on what hundreds of thousands of parents, teachers and administrators think about Common Core. Huckabee has a national voice and is misleading parents and his circle of influence on this issue. We must stop him in his tracks by alerting him to how much this issue means to you.

We are going to use the Twitter Bomb tool to make sure he gets the message of how YOU feel about this, not his crony political buddies like Jeb Bush. Please send to all of your contacts and please post on all of your Facebook pages.

Starting at 8 am pdt/ 11am edt tomorrow June 20, 2013 and we are doing it for 72 hours leading up to his show on Saturday June 22, 2013, we are asking you to Tweet and put on Mike Huckabee's

11:30 AM- 1:00 PM

Coordinated by: Laura Zorc and Stacie Clark

Contact Information: Laura - laurazorc@yahoo.com and Stacie - g5club@yahoo.com

Notes from Stacie on the Protest:

For those attending the protest- we'll be out on the public sidewalk- on the main road (John Young Parkway) in front of the Marriott/Ritz entrances. There is parking on the side of the road when you turn 'Right' on Whisper Lakes Blvd (second entrance into Marriott). The road is wide enough to park a line of cars. Also, going 'Left' on Whisper Lakes Blvd takes you into a neighborhood- parking is available there, or further north on John Young at the Walgreens.

Also- for those wanting to hold a sign during the protest, please add your group name to the sign (e.g: FPACC, Tea Party/9-12, Stop Common Core, FACCE, FL Stop CCCoalition, ect). You can put the group name in small font. Due to permitting laws we are wanting to show the separate groups representing the 'Fight Against Common Core'.

If you have any questions please let me know! Can't wait to meet those who can make it!! God Bless!

What is AmericanPatriotNews.us?

This is a perfect project for your group and youth in your community. Imagine if your community was informed when Agenda 21 meetings occurred, when commissioners made decisions prompted by Regional Councils, NGO's and Non profit conservation groups. If you print the truth they will read it. Too many people are hungry for truth, you can provide it.

The youth can become the reporters, learn graphics, get distribution. Ask them what they want to read...You will wind up teaching them a lot of truth and they will learn to read.

Warren Buffett is busy buying local newspapers, Does he own your county yet? or will you?
