Urgent...Time to Come Together!

The Florida summit has come and gone and the one thing everyone realizes is we are more divided than ever. Not divided in ideas but divided in EGOS. If we do not come together and work with each other, THEY WIN. Now who is they?

1. Our legislators who get their marching orders from special interest who divide us at every issue. As long as the donations come in, you bet they will sell you out. Just look at the ethanol bill, who did the ethanol distributors donate to?
2. Unions who bring buses of protesters to Tally in order to influence legislators to favor unions.
3. Illegals who bring buses of protesters to Tally in order to influence legislators to favor illegals.
4. Progressives in both parties who love to see the great divide and can conquer any divided group.
5. The administration who uses grants and subsidies to bring in programs designed to bankrupt the state.
6. Conservation groups who want more money to steal more land and take it off the tax roles.
7. Legislators who think that giving public money to private corporations for them to profit is just peachy.
8. The communists who think it is fantastic that our schools are promoting communism in our schools through Common Core.

9. The administration who think that state exchanges are fantastic and not to worry Florida the Fed's will give some FREE MONEY to help implement Obamacare.

10. The legislators who think that our private property is theirs to give away.

I could go on and on but you should have the idea. The more we are divided, the more ground we lose.

The Republicans have no message while the Democrats have only one WIN in 2014. Obama's new well funded non-profit OFA (Organizing for America) will destroy Florida unless we come together and pick up our ground game.

So what do you want to do? sit and watch while the Dems turn Florida totally BLUE or help by doing the one thing least expected, come together?

Join us on **Tuesday Feb 5th** at 8PM EST, 7PM CST for the first Florida coalition conference call.

Please follow the conference information on the left.

Bring your ideas to unify Florida and tell Tally, they work for US.

What Choice in Education??

When every school in the country is being forced to follow the communist school to work Common Core Standards, what choice do you have. Only one **HOME SCHOOL**.

By the time your child is finished with Common Core indoctrination they will:

- blame you for everything wrong with the planet regardless of the facts or that science proves them wrong.
- be incapable of making any choice except the choice provided by their government.
- know nothing about freedom, liberty, American exceptionalism, the US Constitution or their God granted rights.
- believe that government not God grants their rights
- believe in social justice (collectivism) and that they must sacrifice everything to do more for less in order to save the planet.
- be suckered into a subservient position while they are forced to work for corporations favored by the administration for low wages in school to work programs.
- be trained to work not educated for life.
- believe there are no facts, there is no truth and their reality is provided by the government.

Ask yourself, how many choices to students need to learn communism? As you are being duped into needing more choice, this year's diversion, your children are being indoctrinated and manipulated in the same fashion that Hitler and Castro did to their youth. Your children will be turned on you as they will be asked to fill out forms about tea parties, political affiliation and guns.

You are being manipulated by groups sponsored by Jeb Bush or Bill Gates into believing they are in this for humanitarian reasons. That is a lie. Their programs promote the UN over the US and eliminate US history. So while you focus on choice, they focus on content often written by European socialists who hate America. What could be better? Get engaged, STOP COMMON CORE. The only thing that will "fix" education is a new curriculum so HOME SCHOOL.

Florida Property Rights Bill

Gov Scott just gave Florida Forever more money in his new budget to steal more land and destroy Florida. 47% is gone already, HOW MUCH IS ENOUGH? Land is finite which meant if they don't own it already, they will TAKE yours.

John Hallman is our lobbyist in Tally. He is the only one fighting for you rights to own private land.

Governor Scott's budget calls for \$75 million for Florida Forever, \$50 million from the sale of surplus land, plus \$25 million from the general revenue to purchase conservation land. While it is good for the state to sell surplus land, we don't need \$25 million of taxpayer dollars to grab more private property. Some people may say \$25 million is not that much, especially since Florida Forever used to get \$300 million per year, but we need to draw a line in the sand, enough is enough. I will be pushing for a bill to reduce and then cap

Immigration

We can not afford the population bomb and the damage to healthcare, welfare, economy, everything when 11-30 million people (we know they lie) are folded into our population.

The economy is shrinking AMERICA DOES NOT NEED MORE IMMIGRANTS. We all know Cloward and Piven.

The only discussion is close the borders. Tell the truth.

Smart Meters

Obamacare

**The IRS just claimed that Obamacare cheapest plan is \$20,000 per
family.**

This is all about the money. The Feds want to bankrupt the states.

We have a great opportunity here in Florida to stop this unconstitutional law in
its tracks, but we need to let the Florida legislature know in no uncertain terms
that they need to just say NO to expanding Medicaid and creating a state-run
Health Exchange.
