Some of the issues in this letter are repetitive. That is for a reason, it takes the average person 10 times to see something before they pay attention. It is also important for you to understand that

- everything is connected
- everything happens for a reason
- nothing is random
- everything is planned
- EVERYTHING IS A LIE

This is a newspaper, and should be read one section at a time. After each section take a breath, let it sink in, then think what is the opposite. Equate every regulation to Money, Power and Control.

Did you call your legislator today? Plenty of issues at hand, SPYING, CCS, Benghazi, IRS, Immigration, Debt. Pick one but MAKE A CALL.

Obama and the Progressive D&R are going to push us into WWII as a diversion from the WH scandals.

We are backing the wrong side - there is no good side.

Don't be fooled. We can win. We will be waging war on Russia and Iran. Very Bad.

Purpose of war - DEPOPULATION, Wealth Redistribution, Massive Debt

People in debt can't accumulate wealth.

American will not be able to pay the debt.

Obama will then con-seed and sell American to our debt holders, China and Russia. Good bye

American land and natural resources - **the real goal.**

### Hello Americans:

Recently many legislators are on the promote common core band wagon. In an article Senator John Legg is trying to convince Florida that CCS is great. His article is:

Answer to Senator John Legg on Common Core Standards (CCS):

<http://tbo.com/list/news-columns/legg-common-core-will-better-prepare-floridas-students-b82501165z1>

My answer:

The RTTT grant demanded CCS in Florida as a condition for the grant. You sir signed onto this before you read anything. How do I know? Because I testified in front of your committee and asked you not to sign onto something not written. CCS was not written when you signed to accept RTTT money as another unknown expensive fad for Florida. When standards are mandated by DC and assessments are geared to those standards, DC dictates curricula.

CCS was not a results of any state led anything. 2 lobby groups along with many liberal academia (no room for conservatives) wrote these standards which are lower or equal to the Florida Sunshine Standards. Members of the CCSO, Council of Chief State School Officers (lobbyists), the NGA, National Governor's Association (lobbyists), and a chief education policy group part of the NGA. These groups were joined by members of the Obama Administration and a progressive group called Achieve, the teacher labor unions - FTA, NEA, and ACT and the College Board. Many of these groups were funded by the Bill and Melinda Gates Foundation who stand a lot to gain from implementation. WHERE ARE THE CONSERVATIVES?

**Legg:** Common Core State Standards are built upon strengths of current state standards but are internationally benchmarked -

**Truth:** The only place international benchmarks come from are UNESCO - a UN anti-America socialist organization influencing American schools.

**Legg:** Students to succeed in our global economy and society.

**Truth:** A student can not be a global citizen and an American citizen at the same time unless American history is deleted or altered. Today, Students in HS learn American history from 1865 forward. This is the progressive era and omits the reasons for founding American. Students use proprietary texts NOT REVIEWED by the FLDOE, according to the FLDOE.

Students no longer learn cursive writing. Why? Because cursive writing is highly individual and individualism is unacceptable in CCS. Students are now part of the collective and are called HUMAN CAPITAL. (Look at the RTTT grant signed by Charlie Crist calling students Human Capital.) The new education goal is of the training the collective (human capital) to work. Many of our founding documents are in cursive writing so students be void learning of self governing and responsibility by not reading the actual founding documents. Global citizenship teaches the UN grants rights in opposition to our Constitution and our GOD given rights. States CAN NOT learn from each other if everything they learn is one size fits all same standards. You are contradicting

yourself.

You omitted the National Data Base of personal information that must be collected at what cost to family privacy and at what expense to the taxpayer?

Our education standards nationwide have been stagnant for the last 30 years. - Why? Because you (Legislators, parents, teachers, administrators taxpayers) have not paid attention to the CONTENT of the material or of the Pavlov/Skinner method of TRAINING. Our kids will become nothing more than pets responding to a stimulus now called an APP.

In the last 30 years, little by way of grades have changed. Kids in record numbers fail regardless of how much money we spend because no one looks at the progressive teaching model which is DESIGNED to make kids DUMB. NO ONE addresses the real issue, WHAT ARE THEY READING? How are they learning?

Where they learning has become more important than what they learn. Who cares if they are trained in a government school, charter school, private school or homeschool if all schools must follow the same standards of CCS.

Training for mediocrity makes mediocre students and adults who become legislators who think the Constitution is a living breathing document to be altered and changed. Mission accomplished. What part of American is that?

**Legg:** Florida, as an education reform leader, has adopted its own rigorous standards beyond the minimum Common Core State Standards,  
**Truth:** The Florida legislators change the name of Sunshine Standards to Common Core Standards. Exactly how is that different?

Florida is a leader of mediocrity. Why? Because CCS is designed to redistribute wealth from the taxpayer to the companies who are pushing CCS.

Let's follow the money:

Why is Jeb Bush pushing CCS down our throats here in Florida ?

Why is he trying to influence our leadership that this Marxist form of education is good for Florida ?

FEE - Foundation for Excellence in Education, the Jeb Bush Foundation is contacting REC's and telling them to support CCS. Why?

Lets dig. Remember everything is connected.

Bush 41 signed the Agenda 21 treaty with the United Nations calling for our Education to follow under the Karl Marx based Sustainable America. (the only place Sustainability is defined is in UN documents. The book, Our Common Future coined the term.)

Clinton continued with Agenda 21. He is close friends of the Bush family and supports the Karl Marx based Sustainable America while he gave away our technology to China. Goals 2000, School to Work, Sustainable America, NCLB, CCS are all the same program. The names have changed but the Anti-American rhetoric has not.

GW Bush 43, siblings are Pauline Robinson "Robin" Bush, John Ellis "Jeb" Bush, Neil Mallon Bush, Marvin Pierce Bush, and Dorothy "Doro" Bush LeBlond Koch.

In 1999, Neil Bush co-founded Ignite! Learning, an educational software corporation. Bush has said he started Austin-based Ignite! Learning because of his learning difficulties in middle school and those of his son, Pierce. The software uses multiple intelligence methods to provide varying types of content to appeal to multiple learning styles.

Ignite! Learning offers middle school curricula in social studies, science, and mathematics. The company's instructional design is based on constructivism, differentiated instruction, and Howard Gardner's writing on multiple intelligences to appeal to multiple learning styles.

To fund Ignite!, Neil Bush and others raised \$23 million from U.S. investors, including his parents,

Barbara Bush and George H.W. Bush, as well as businessmen from Taiwan, Japan, Kuwait, the British Virgin Islands and the United Arab Emirates, according to documents filed with the Securities and Exchange Commission.

As of 2006, at least \$2 million had come from Taiwanese interests that had given Neil Bush a job consulting for a semiconductor manufacturer, and at least \$3 million came from Saudi interests. A foundation linked to Reverend Sun Myung Moon donated \$1 million for a research project by the company in Washington, D.C.-area schools. Now it makes sense why the school book texts are Islamic biased with little reference to Christians. Why FBI and military training material has removed words like Islamic terrorist, Jhad etc.

In 2002, Ignite! entered into a partnership with a Mexican company, Grupo Carso to outsource many software and product development functions. Regarding the deal, Ignite! President (then CFO) Ken Leonard stated, "That's turned out to be great." Ignite! laid off 42% of its in-house workforce (21 individuals) in preparation for the partnership. (outsourcing initiated by Clinton who signed, NAFTA) Leonard said that outsourcing production will give it the resources to develop additional course software more quickly, and that the company wants to develop an entire middle school curriculum featuring the basics of language arts, math and science. (or was it to be able to pay less in salary and keep more profit?)

Deceased Russian billionaire expatriate Boris Berezovsky had been an investor in Bush's Ignite! program since at least 2003. Berezovsky's partner Badri Patarkatsishvili, Kuwaiti company head Mohammed Al Saddah, and Chinese computer executive Winston Wong. Imagine that. All these Communists putting a hand into our school system here in the USA ! BAD !! Follow the \$\$\$\$\$\$

As of October 2006, over 13 U.S. school districts (out of over 14,000 school districts nation-wide have used federal funds made available through the No Child Left Behind Act of 2001 in order to buy Ignite's products at \$3,800 apiece which is Neil Bush's company !!

In December 2003, a Washington Post Style article said that Ignite! was paying Neil Bush a salary of \$180,000 per year. So is Jeb Bush pushing Communist Common Core in Florida so Neil Bush can fund his software company? IMAGINE THAT !

I am a former teacher who remembers real teaching not training. Big difference between education and training. As a former teacher, you sir, should be appalled at the content of the material that is Anti-American, anti -Judeo-Christian, anti-family. You would have to read the content of emotional, factless, material based on the demise of America. Maurice Strong UN, said, "In order to save the planet we must destroy capitalism". Now in school, Capitalism has become a dirty word. Did you read any of the material? You are OK with the propaganda about phony man made climate, phony sustainable developments, Jesus being a Palestinian, Mommy being a nag, doing more for less, America being the reason for all of man's problems, mandatory volunteerism, man being the enemy of the earth? The people touting CCS are the same people who are paid by CCS to promote CCS.

The framers of the Constitution would be horrified as to what education has become. To them school was the place where students learned reading, writing, arithmetic, freedom, liberty, the pursuit of happiness, civics, constitution, responsibility, consequences, logic, reason and cognitive thinking so they could evaluate their own lives and make choices for their own destiny.

Instead we have government training, social programs and a one sided progressive training so kids learn how to push an APP instead of thinking. Eliminating texts enable history to be altered at the stroke of the delete key.

Am I wrong? Go take a test from 1920 there are plenty of them on line. See how well you do and you will discover what our kids ARE NOT learning as we fill their classes with feel good programs like: drugs, sex, bullying, gender, race.

you can't do both!!!

Writing at Canada Free Press A.J. Cameron warns us of the imposition of U.N. Agenda 21 via the White River National Blueway scheme.

<http://canadafreepress.com/index.php/article/55922#.UbuzN3ma3eg.gmail>

According to A.J.:

"This 17.8 million acre watershed is part of the National Blueways System, which is part of the America's Great Outdoors Initiative. The global elites, including notable U. S. citizens, who are orchestrating the controlled demolition of our republic and way of life, use words as weapons in a manner similar to how a professional assassin uses his/her weapon of choice in eliminating the intended target. In this case, the intended target is the law-abiding, patriotic and faith-filled U. S. citizen. The following amalgam of a paragraph is an example of their verbal treachery:

The National Blueways System is a program created to conserve natural amenities, enhance recreational opportunities, and foster sustainable economic activities within significant river systems across the country. The America's Great Outdoors Initiative establishes a community-driven conservation and recreation agenda for the 21st century. Blueways are extremely important resources for filtration of fresh water supplies, conservation of wildlife and wildlife habitat, sustainable economic activities and outdoor recreational outlets for millions of Americans."

Government Website Offers 10-year-old Girls Tips on 'Anal Sex' and 'Mutual Masturbation'

The government has a website designed especially for young girls. And you won't believe the sleaze and filth it contains:

A government website designed for girls ages 10 to 16 offers health advice and information on a wide range of topics, including homosexuality, anal sex and "mutual masturbation."

Also- for those wanting to hold a sign during the protest, please add your group name to the sign (e.g: FPACC, Tea Party/9-12, Stop Common Core, FACCE, FL Stop CCCoalition, ect). You can put the group name in small font. Due to permitting laws we are wanting to show the separate groups representing the 'Fight Against Common Core'.

## SILENCE IS NOT AN OPTION.

Today your legislators have little or know knowledge of America. Will you call your legislator and demand Impeachment or will you sit like a lump complain and wait for others to call? Who controls your destiny?

### Devvy Kidd:

Without the usual commentary about Barry Soetoro aka Obama and what he's done and is doing to this country, is there any way to get him out of the White House? [read more](#)

## Communication Is Key...

Do we really have free press? <http://williamlewisfilms.com/rtr.html>

YES WE HAVE A FREE PRESS...Go to [americanpatriotnews.us](http://americanpatriotnews.us)

### What is AmericanPatriotNews.us?

This is a perfect project for your group and youth in your community. Imagine if your community was informed when Agenda 21 meetings occurred, when commissioners made decisions prompted by Regional Councils, NGO's and Non profit conservation groups. If you print the truth they will read it. Too many people are hungry for truth, you can provide it.

The youth can become the reporters, learn graphics, get distribution. Ask them what they want to read...You will wind up teaching them a lot of truth and they will learn to read.

Warren Buffett is busy buying local newspapers, Does he own your county yet? or will you?

Use the front page and name, become the American Patriot News of \_\_your county\_\_  
To make it easier, the front page and cover is federal, just add your state and local info on the back. Work together with others in your state and local. United we win.
