**Is your legislator advancing Agenda 21?**

State legislators are advancing UN Agenda 21/sustainable development by lack of oversight. You must confront them with the truth at every meeting they hold when they are home. They lie.

UN Agenda 21 calls for the managed decline of America in order to level the playing field and pay reparations to third world countries. The middle class polluters must be destroyed and American's must be controlled by the Government according to Agenda 21 redistribution policies.

Sustainable Developments means development of society that meets the needs of the present society without compromising the needs of future society to meet their own needs. Gro Harlem Brundtland, 1987, friend of

What does that mean? Government will control of every aspect of humanity by changing consumption patterns as, "lifestyles of the affluent middle class are unsustainable." Maurice Strong UN Sec General.

UN Agenda 21/sustainable development - controls every aspect of human behavior forcing illogical government regulation over the American citizens and industry in the name of saving the planet. By incorporating the 3 E's of Agenda 21, Environment, Economy, Equity and the silent E of Education Agenda 21 will destroy your state. Some sample of damage already done:

- **The Environment** - using phony data destroys farming and fishing with overpowering regulations - Individual Property Rights must take a back seat for the good of the collective" Harvey Ruvin , Miami Dade Clerk of Courts, FL Energy Commission and Vice Chair of ICLEI. \*ICLEI is the UN NGO marketing arm implementing UN Agenda 21 sustainable development on a local and state level.
- **The Economy** - the contrived economic disaster destroyed families and neighborhoods while allowing neighborhoods to be ripe for communist foreign investing. Tax dollars are used for instituting overly expensive conservation land purchases. Regardless of the amount of fraud, most citizen cases are not investigated and no one is responsible.
- **Equity** - You lose your identity as theft of private property by phony condemnation of land by NGO's and government official, also replacing family with school, God with government and America with the UN. Does your county belong to NACo? NACo gets its funding from you and UN agencies. Do you have an associations of counties? These NGO's often receive funding and instructions from NACo (therefore from the UN) and are charged with implementation of Agenda 21 in your state. These NGO's like ICMA, FAC, Friends of... APA, use our tax dollars to lobby and implement Agenda 21 by training our local officials.
- **Education** - deliberately dumb down students by

eliminating logic, reason, critical thinking and American history prior to 1865. Students are indoctrinating into believing they are the enemy of the earth and must comply with communism/sustainability workforce training programs. Common Core Standards implement communism through indoctrination. Shirley Mc Clune (1989 Governors Association meeting) changed education by

1. Eliminating facts- claiming truth is no longer necessary
2. Changing individualism to collectivism
3. Instituting training for work not education for life.

The Agenda calls for:

- re development of Wildlands, Wetlands
- creating food shortages
- creating food price spikes by using corn for fuel
- water reclassification stealing land from private individuals and industry through a variety of environmental programs with funding grants from the UN and Federal government.

These programs like ESA, wetlands, wild lands, climate, CO2 have no scientific or financial basis. They are

designed to fail, as long as they spend money so the decline of America can be managed.

State Legislators pay more attention to grants without looking at restrictions and will implement many of these "environmental programs" without oversight. Many legislators have become the "useful idiots" pushing the communist agenda with PPP (that eliminate competition using public funds to finance private favored corporations) and Regional councils (that eliminate local and state governments). Lack of oversight in Florida schools bringing 6 Radical Islamic charter schools, 2 UN Global Schools and soon a communist Chinese Charter School.

As with all Agenda 21 programs, they are designed to fail.... Obamacare is designed to bankrupt the state and IS NOT THE LAW OF THE LAND. Two of the key components of funding and implementing Obamacare are the state-run Health Care Exchanges and the expansion of Medicaid. Neither of these two components is required by law and Florida Legislature can reject both as other states have done.

Florida (substitute your state) state legislators blindly accept grants without looking at the factual information or stipulations. As a result:

- Florida agriculture including farming and fishing (used to be #2 in the country) is almost gone. Farmers are fined and fee into extinction. This will accomplish 2 Agenda 21 goals - **Depopulation** due to food shortages, **Redistribution** of wealth as we are forced to by food from cesspools and uninspected third world country farms.
- Florida has the largest natural gas reserve no longer viable due to environmental terrorism. Your energy prices will skyrocket so you will be forced to use less curtailing your mobility while forcing yo to use overpriced 'Green" products from companies who donate back to the regime.
- Over 47% of Florida's land is off the tax roles locked in some Fed, State or Environmental program. This is a constant loss of income to the state causing resident taxes to escalate.

- Florida legislators often write laws and regulations benefiting special interest or family, friends and donors using these phony programs. i.e Rep Eric Fresen's brother-in-law owns charter schools. Do Illegals get favored legislation because legislators own farms?
- Florida legislators sit on boards with conflicts of interest, many Non-profits have ties to the UN. ICLEI members have no business being Mayors, councilmen and legislators. legislators on Chiefs-for Change should not be on education committees.

The economy of America is being destroyed by a managed decline put in place by the globalists running our government through Agenda 21/sustainable development.

These globalists have created a fall of the dollar and a shortage of food and energy. They create crises so Bills get passed without anyone reading them while freedom and liberty decline. Sharia is creeping into Florida schools and because of Political Correctness no one says anything. Every day more States are beginning to nullify NDAA, Gun Laws, Obamacare, Agenda 21 and Common Core. What are Florida legislators (your state legislators) doing to protect and prepare its citizens to be independent when the Administration crashes: Economy, Electricity, Food, Education?

**SMART METERS:** IL, Two Naperville Mothers were arrested today in conjunction with the forced installation of wireless smart meters. see video [www.youtube.com/user/napervillesmartmeter](http://www.youtube.com/user/napervillesmartmeter)

On Wednesday January 23, Naperville, Illinois resident Jennifer Stahl was arrested for verbally refusing installation of a smart meter on her own property. Jennifer has been studying the issue for quite some time, and decided that a smart meter could be detrimental to her health, security, and privacy.

The city of Naperville, Illinois, which owns the electrical utility, claims otherwise. They insist the smart meters are safe, and have bullied homeowners into accepting them. The smart meters are so important to the city that they won't permit anyone to refuse installation - and if they do, they are arrested. It seems that property rights and trespassing laws don't apply in Naperville. Tune into Off the Grid radio to hear Jennifer's story in her own words.

Not sure about guns check this out. Gun manufacturers are going out of business or being bought by??? Those of you that said George Soros, get a piece of candy, you win.

Something You May Not Know That Is Happening ... Who is buying companies, manufacturing guns??? For the last several years a company called The Freedom Group has been buying up gun and ammunition manufacturers. Some of the companies are Bushmaster, Marlin, Remington, DPMS, Dakota Arms and H&R. Some people worry that this Freedom Group is going to control most of the firearms companies in the United States . If you control the manufacturers you can decide to stop selling to civilians. What a perfect way to control guns.

Now if you do some digging you will see that The Freedom Group is owned by a company called Cerberus Capital Management. Guess who controls Cerberus??? GEORGE SOROS!!! He wants to restrict or ban all civilian guns. Please pass this on to all your freedom loving friends. This needs to come out. Why have we not heard about this in the "mainstream" media? I would think this would be BIG news. (Soros also has an interest in Progressive Insurance). If you don't know who George Soros is, you need to do some Research. He backed Obama with millions of dollars and Obama is a puppet on a string controlled by Soros.

This is the same Soros who wants to manage the decline of America.

1. Illegals come from socialist countries. By keeping them diversified and not learning American values - the less informed voters will vote for more socialism to get free stuff.
2. The unemployment rate for minorities is over 11% Hispanics and 14% Blacks - so we will bring in more to take who's jobs????
3. There is no money so let's add more people to the welfare roles then they will vote Dem.
4. Obama will never close the border that would stop him from bring in illegal radical Muslims who will vote for Democrats.

The stupidity of the Republicans is beyond comprehension. Instead of talking to the minorities in a real and truthful manner, which they would like to hear, they lie and tell the people what they think the people want to hear. News flash, the Americans want to hear the truth. The GOP IS TRULY STUPID IF THEY THINK LYING WILL WORK.

We believe in the power of the truth. Since we have been blocked from MSM, we will create our own media. We will go high tech and low tech. There is only one way to take back America and that is with the truth, education, communication and action. So what can you do?

**Low Tech:** Go to [americanpatriotnews.us](http://americanpatriotnews.us)  
Use the front page and name, become the American Patriot news of \_\_your county\_\_

was informed when Agenda 21 meetings occurred, when commissioners made decisions prompted by Regional Councils, NGO's and Non profit conservation groups. If you print the truth they will read it. Too many people are hungry for truth, you can provide it.

This is a great project to incorporate the youth. Make them into reporters, teach graphics, have them find locations. Ask them what they want to read...You will wind up teaching them a lot of truth and they will learn to read.
