Some of the issues in this letter are repetitive. That is for a reason, it takes the average person 10 times to see something before they pay attention. It is also important for you to understand that

- everything is connected
- everything happens for a reason
- nothing is random
- everything is planned
- EVERYTHING IS A LIE

This is a newspaper, and should be read one section at a time. After each section take a breath, let it sink in, then think what is the opposite. Equate every regulation to Money, Power and Control.

One of the greatest hoax on the world is man made global warming. Every day more and more people learn the truth as the weather will just not comply with the wishes of the UN.

Hello Americans:

The indoctrination of control through Agenda 21 is well under way due to the silence of Americans and the power of words. Have Americans turned the corner and believe they must give up privacy for security? 3 generations of indoctrination in school insures that 54% of Americans believe they must give up privacy for security (if that statistic is true). These statements are told to you by the same people who did nothing about the Boston bombing.

What is the real issue, the IRS or Spying? The workers in the IRS are a perfect example of abuse of power and are following Hitler's play book to the letter.

This past weekend in the Florida storms, we watched some pre WWII movies sent by a friend, thank you Carol. We saw "Mrs. Miniver" from 1942 and "Mortal Storm" 1940. I highly recommend you do the same. Why? Because these movies are from a time when Hollywood cared about Freedom and Liberty and actually carried a message. Might be a good idea to have a family or neighbor movie night. You will also notice that the first groups Hitler choose to carry his message were the teachers, the professors. Why? Indoctrination through propaganda in school with impressionable youth insured a group of neighborhood spys.

Do not for one minute think that spying is just in the IRS. EVERY Agency spys on Americans. Some you hear about most you do not. Did yo9u hear about this one? *Within hours of publishing a scathing story on President Obama (<http://wp.me/p3dd01-Yp>) the DOJ raided the offices of the National Report (citizen journalists) claiming the raid was lawful under the USA Patriot Act but refusing to say why the government was taking the action.*

What about all of those opponents in the election that all of a sudden dropped out of the race when some scandal was discovered. Does Herman Cain, Ross Perot, Elliott Spitzer and a long list of others ring a bell? Rules for Radicals (the bible) demands you demonize and marginalize the oposition to render them helpless. What better way than spying, listening, recording/ Snuff out the oposition. Shut up, keep silent.

Will you? Noting is more evident of this than the actions of those we send to Washington. Every wonder why no matter who you send to DC, nothing changes? In reality there is only one party, one head of the octopus pulling the strings of both parties. Just see which legislators demand you comply for your own good. Graham, Mc Cain, and ROVE driving the RNC. How do I know, if we had a true 2 party system the opposition party would demand impeachment. I can't hear you...

And so what have all these lies accomplished...

- replace factual education with Anti-American value based indoctrination substituting training for education
- Laws - use Endangered Species Act to eliminate individual freedom, species are

IMPORTANT INFO FOR EVERY MEMBER AND DONOR

Can Obama be Impeached?

By JB Williams

jb.uspu@gmail.com

As the nation searches for the proper peaceful remedy to the crisis known as Obama, good people of good intentions often research a common subject and arrive at a different conclusion. Such has been the case on the topic of whether or not Barack Hussein Obama can be impeached.

In a WND column dated July 14, 2011 titled [Why Obama Cannot be Impeached](#), the writer states, "*Rage continues to build across this country over the obvious forged birth certificate Barry Soetoro, aka Barack Obama, released April 27, 2011, as do calls for his impeachment. However, Obama cannot be impeached.*"

The author's position is based upon statements from [Dr. Edwin Vieira](#), a Harvard trained attorney, who's works are focused primarily on land rights and militias. Dr. Vieira issued his position in a [2008 piece](#) written and released before the 2008 election, Vieira suggests that once Obama takes office via fraud, he cannot be impeached, on the basis that *impeaching a usurper of the office* would somehow validate his tenure in office. Is he right?

To be sure, the Obama Crisis presents a highly unusual set of circumstances, rising to the level of constitutional crisis in a number of ways. The proper peaceful remedy is indeed worthy of research and debate. Only once *the people* agree on a proper course of action, can action be taken... so, it is imperative that *the people* reach agreement on this matter.

Who is right in the debate is much less important than reaching an actionable position of agreement. The endless debate on the subject only leaves all concerned citizens paralyzed by confusion and lack of coherent direction in how to solve the crisis.

It is for this reason that I have returned to historical data on the subject of impeachment in search of the foundations for impeachment remedies found in Article II - Section IV of the U.S. Constitution.

"The President, Vice President and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors." - Article II - Section IV of the U.S. Constitution

I fully understand and even agree with the claim that Barack Hussein Obama (aka Barry Soetoro) gained access to the Office of President via massive fraud, including identity fraud, campaign fraud and campaign finance fraud, just for starters.

I further agree that Mr. Obama's acts during his unconstitutional and illegal seizing of the Oval Office, as well as his unconstitutional acts while in office, rise to the level of impeachable offenses, high crimes, usurpation's and likely even treason.

But I do not agree that Obama/Soetoro cannot be removed from office via impeachment. In fact, I believe that Obama can only be removed from office via impeachment. Here's the basis for my belief...

James Madison explained the requirement for impeachment during the debates of the Constitutional Convention of 1787: *"Some provision should be made for defending the community against the incapacity, negligence, or perfidy of the chief magistrate. He might pervert his administration into a scheme of peculation or oppression. He might betray his trust to foreign powers."*

In Federalist Paper No. 65, Alexander Hamilton explained that *"impeachment of the president should take place for offenses which proceed from the misconduct of public*

John Larsen, Dale Pflug and Les Lob

Watch

men, or in other words, from the abuse or violation of some public trust. They are of a nature which may with peculiar propriety be denominated political, as they relate chiefly to injuries done immediately to society itself."

And indeed, in [Commentaries on the Constitution](#), Supreme Court Justice Joseph Story (1811-1845) explained: "The offenses to which the remedy of impeachment has been and will continue to be principally applied are of a political nature... What are aptly termed political offenses, growing out of personal misconduct, or gross neglect, or usurpation, or habitual disregard of the public interests."

Common throughout historical references to the impeachment process is the concept that a violation or breach of public trust, or habitual disregard for the public interest is the fundamental definition of other high crimes and misdemeanors, as it relates to the Founders intended use of the impeachment clause found in Article II.

The legal debate over use of impeachment concerning immunity from criminal prosecutions of any individual occupying the Oval Office is covered quite extensively [here](#). In conclusion, seizing the Oval Office by way of fraud, usurpation's of the office, and acting in a manner at odds with public interests, constitutional authority or in breach of the public trust, are all impeachable offenses.

In Federalist Paper No. 70, Hamilton further explained: "Men in public trust will much oftener act in such a manner as to render them unworthy of being any longer trusted, than in such a manner as to make them obnoxious and subject to legal punishment." - "Judgment in Cases of Impeachment shall not extend further than to removal from Office, and disqualification to hold and enjoy any Office of honor, Trust or Profit under the United States: but the Party convicted shall nevertheless be liable and subject to Indictment, Trial, Judgment, and Punishment, according to Law."

In short, the Oval Office (not the individual occupying the office) has protections against criminal charges or prosecutions during the tenure of office, be it legitimate tenure or not.

"In 1973, the Justice Department concluded that the indictment or criminal prosecution of a sitting President would impermissibly undermine the capacity of the executive branch to perform its constitutionally assigned functions. We have been asked to summarize and review the analysis provided in support of that conclusion, and to consider whether any subsequent developments in the law lead us today to reconsider and modify or disavow that determination. We believe that the conclusion reached by the Department in 1973 still represents the best interpretation of the Constitution." - [Full legal reference here](#)...

This means that before any occupant of the Oval Office can be charged with or prosecuted for crimes, they must first be removed from office via impeachment, so that the business of the people can continue while the individual is being prosecuted for criminal activities.

The fact that Barack Hussein Obama (aka Barry Soetoro) was able to gain access to the Oval Office by way of fraud, does not change the very real fact that before he can be charged with his crimes, he must first be removed from office via impeachment. Impeachment places in question, every act taken by Obama while illegally holding office. It does not in any way validate those acts.

There is no doubt in my mind after five years of investigations in to the person known as Barack Hussein Obama, that he is indeed an imposter, a usurper of the Oval Office. There is no doubt in my mind that every act he has committed while holding office illegally, should be null and void upon his removal from office via impeachment and subsequent criminal indictment.

This is within the letter of the law and all historical reference to the subject. In the process of seizing the Oval and in his administration of Oval Office duties, Barack Hussein Obama has committed high crimes and misdemeanors. Not only can he be impeached, he must be impeached, removed from office and charged with his crimes, held fully accountable for his actions.

But nobody wants to touch this matter with a ten foot pole, because the constitutional crisis created by Obama and the Democrat Party are of monumental proportions. The constitutional line of succession to the Oval Office will not hold in this case as every individual in that line of succession was in one way or another, involved and complicit in the most egregious fraud ever perpetrated on the American people.

Cold weather provides proof of global warming?
This is the kind of double speak we encounter every day at a UN climate conference.

Global warming has become the disprovable hypothesis. Hot, cold, dry, wet, as one friend of CFACT commented today "every day that is not partly cloudy and 69 degrees proves global warming."

Is it funny? Yes.
Is it dangerous? Sadly, yes.

View this video (<http://www.cfact.org/2013/06/10/un-delegate-knows-its-warming-because-its-colder-watch-now/>) of a climate conference delegate representing the Cook Islands earnestly explaining to CFACT that she finds proof of warming in this year's unseasonably cold German Spring.

As I've written before, a climate conference is a kind of wonderland where facts and logic do not rule the day.

Yet the UN intends to use this conference in Bonn and the big one in Warsaw in November to create a full, binding climate treaty in Paris in 2015.

President Obama and Chinese President Xi just concluded their California summit. Further restricting our freedom in the name of climate was where they could agree.

CFACT works hard to expose what goes on in the UN climate talks and we are unafraid to speak truth to power and inject facts into the proceedings.

WHERE IS CONGRESS?

I prepared this report to give an overview of the 2013 Florida legislative Session on issues affecting the principles of individual liberty and rights guaranteed by the U.S. Constitution. Overall this session was not the worst for liberty, but the good bills that passed were marginally good and the bad bills that passed were really bad. We made some progress this session, but we have much more to do before the next session. We stopped the Common Core Data Mining bill, but the legislature continues the implementation of Common Core. We stopped bills violating our 2nd Amendment rights, with the exception of one bill that concerns voluntary admissions to mental health facilities. We slowed down Agenda 21 policies, such as Florida Forever purchasing Conservation Land and we slowed down Enterprise Florida's corporate welfare program. Thank you for making the phone calls and e-mails, your efforts made a big difference!

EDUCATION

Contact your Representatives. support HR5 and return Education back to the states in the Student Success Act.

Education has Transformed American's into Sheeple
1958 Eisenhower sent the commission to Russia and came back with the school to work training program.

In the 60's the UN was integrated into our school and the UN took a prominent position promoting the Earth Charter which damned capitalism and promoted the UN and the Environment. Infusing the environment was the idea of the Rockefeller foundation's Unfinished Agenda based on Hitler's model of turning the Agrarian German farmers against the Jewish industrial polluters.

Agenda 21 chapter 25 addresses education so the experiment was Europe first advancing IB. The social programs appear to come from the Agenda.

Soros, Open Society helped to create IB, getting free reign in Europe which I now believe was the front runner to the change of American Education as stated by Shirley Mc Cune. The proprietary materials of IB were never looked at so when it was discovered how easy it was to indoctrinate, making the program broader was easy.

Shirley with Bush 41's approval and Clinton's pushing the governors, created Goals 2000, Millennium 2000, Sustainable America, NCLB and now Common Core.
Tucker's letter was the blueprint for advancement of transforming America

Neil Bush's company Ignite was a software company pushing the mandated NCLB and now CCS.

Ignite is partnered with the Chinese, Russians, Saudis and Kuwaiti's and more dictators and criminals.

Bush, Soros, Gates and company will use their billions to make sure it works.

The same people pushing the same thing- the Controllers are trying to control the world through education since as Charlotte says, dumbing down America was the goal and education was the tool to make this work.

According to Michael Chapman it started in Minnesota. Michele Bachmann was there at the beginning.
