In case you are wondering how this all got escalated, one just has to look at Richard Nixon. Nixon ignored the constitution and divided the US into Ten Regions.

"Each area will be ruled, at the 'local level', by only one governmental authority: a metropolitan government. Existing governments—city, county and State—will eventually be abolished."

"Metro (Region) is the governing of an area or region by a central body of 'experts'—planners who are usually appointed and vested with great powers, and who are not directly accountable to the people.

"The purpose is to place all power in the hands of the federal government and to turn State, county, and city governments into administrative cogs [Councils of Government] in one big bureaucratic machine."

Metro moves the heretofore independent divisions of local government into the collective whole. This is accomplished by the merging of city and county, county and district, and then State with other States, into a federal region. When this has finally been achieved, there will only be two levels of government—federal and regional.

"Metro is a mechanism for changing a limited Constitutional republic into an unlimited autocracy without altering the apparent form of our government. The State of Kansas will still exist. The city of Seattle will still exist. The county of Los Angeles will still exist. But their independence will not. Our entire form of government will have changed."

Through the use of executive Orders the makeup of America has changed.

Given that Executive Orders are NOT LAW, the above scenario could only come about by the acquiescence of the people. State legislators are the 'voice' of the people. Our greatest danger lays in the unfortunate, pathetic fact that neither the people nor the state legislators KNOW their Creator-endowed rights, which are protected under the Constitution. The ninth and tenth Articles of Amendment (Bill of Rights) establishes the premise under which state legislators could/should -- and WILL if the "people" inform them and hold their feet to the fire -- reject the illusion which has been created by colorable laws. It MUST be remembered that Governor's Executive Orders are no more law than are presidential Executive Orders]

The foremost exponent of the destruction of the United States as a Constitutional Republic is the Council on Foreign Relations (CFR). The people elected and appointed to manage the affairs of the United States Government have in large measure become puppets, controlled by powerful persons working in and through a network of tax-exempt organization.

"At the center of this network is the Council on Foreign Relations (CFR).

Members of the CFR occupy top positions in government, in foundations, in educational institutions, in communications, in banking.

"They are an elite who set policies of our federal government; and through a vast, interlocking combine of educational and opinion-forming agencies, they influence or control propaganda which persuades Congress and the public to accept the policies.

"In short, the Council on Foreign Relations *is* the invisible government of the United States. The Council on Foreign Relations continues to increase its power and influence regardless of whether the Democrats or Republicans occupy the White House.

Whereas, as its name implies, the Council on Foreign Relations is supposedly concerned with foreign-policy matters, nevertheless, the CFR has a domestic arm — the Committee for Economic Development (CED) — whose prime function is the promotion and facilitation of metropolitan government — Metro. According to the plans of the CFR, the sovereignty of the States must be destroyed. Why?

Because, as *THE DAN SMOOT REPORT* of July 20, 1964, so succinctly put it: "The ultimate aim of the Council on Foreign Relations is the same as the ultimate aim of international Communism: to create a one-world Socialist system and make the United States an official part of it."

"I believe there are more instances of the abridgement of the freedom of the people by gradual and silent encroachments of those in power than by violent and sudden usurpations."

— James Madison, address to the Virginia Convention, June 16, 1788.

"We are grateful to the Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subjected to the lights of publicity during those years. But, the world is now more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries." -- David Rockefeller, Member of the CFR

The sheeple Senators have allowed Obama to arm the Muslim Brotherhood.

Dear Fellow Americans:

President Obama recently rubber-stamped a deal to give the Muslim Brotherhood more than 200 of America's finest weapons of war...

...all paid for with your tax dollars.

As wildly inept - and even unhinged - as this seems, unfortunately it's the truth. Despite our protests, along with those of millions across this country, he is following through with an aid package to Egypt's Islamist leader, President Morsi.

The deal will send 16 Block 52 F-16 Fighting Falcon fighter jets and no fewer than 200 M1A1 Abrams Main Battle Tanks to Egypt. These weapons will give the Islamist government dramatically updated air and ground combat capabilities - and an offensive strength that could be used against our only true ally in the Middle East, Israel.

Tell Barack Obama: *Stop corroborating with dangerous Islamists!*

SIGN THE PETITION TO STOP THE ARMS DEAL WITH MORSI AND THE MUSLIM BROTHERHOOD

Morsi was recently quoted as saying,

"Dear brothers, we must not forget to nurse our children and grandchildren on hatred towards those Zionists and Jews, and all those who support them. They must be nursed on hatred. The hatred must continue.

He has even referred to our Israeli allies as *blood-suckers, warmongers, the descendants of apes and pigs.* And, if that doesn't show his abhorrent anti-Semitism clearly enough, he was recently shown praying fervently as his cleric proclaimed,

Oh Allah, destroy the Jews and their supporters. Oh Allah, disperse them, rend them asunder. Oh Allah, demonstrate your might and greatness upon them. Show us your omnipotence, oh Lord.

This latest research finding from the SSRC reinforces its long standing opinion that global warming ended years ago and that a new and potentially dangerous cold climate has begun.

Nullify ALL Federal Gun Laws

with the just released 2nd Amendment Preservation Act

Obama refuses to follow the Constitution. If that is the case, then why should the states?

Now is the time to Nullify. Many states have started. Has yours?

NY Citizens are fighting back. I will not comply will you?

This week residents of Erie County, New York overflowed the State's dictating / Q & A forum concerning the unconstitutional NY Safe Act arms bill.

[Click here to watch the video & Poll: Will NY gun owners comply with the unconstitutional gun law?](#)

<http://www.liberty.com/poll/poll-will-new-york-citizens-comply-unconstitutional-ny-safe-arms-bill>

The passion and anger from the people is evident of Erie County resistance. After the first speaker spoke, the second one was introduced. A request from an audience member to recite the Pledge of Allegiance was ignored by the State. So the people took over and assertively recited it anyway.

Many states are having 2nd Amendment Gun Rallys on Friday. Check your state.

The corporate press has been hiding Agenda 21 from you for over 20 years. Rosa Koire has asked some great questions on her site:

democratsagainstaagenda21.com

The corporate press is tasked with selling this to you and using the hard sell. The threat is that you'll be destroying the planet if you don't go along. They make it sound so good that you won't ask the question:

- If this is so good why has it been a secret for the last 20 years?
- If this is so good why was the economy pumped and dumped?
- If this is so good why are my kids struggling to read?
- If this is so good why did I lose my house?
- If this is so good why are we still in Iraq and Afghanistan?
- If this is so good why is every single land use plan in the United States identical?
- If this is so good why are corporations persons?

Economic theft

While we have been diverted with the governments plan to disarm us, that fine collection of corporatists, new world order advocates and United Nations servants have been busy using the federal register to implement United Nations Bio-regions within the United States.

While these land and resource thefts will be accompanied by some fluffy scripts about how they are saving the planet for future generations and how the federal government and the United Nations are the only ones able and willing to protect these vast resource rich areas, the fact is, the plans they have for these areas are have nothing to do with preservation or protection. This is all about money and stealing from the states and their communities any and all resources that can be sold to corporations for massive profits.

What can you do?? [read more http://ppjq.me/2013/01/31/a-devils-bargain-pacific-southwest-to-become-un-bio-region/](http://ppjq.me/2013/01/31/a-devils-bargain-pacific-southwest-to-become-un-bio-region/)

Guess what, in Florida Sen Don Gaetz has a number one donor, high on the hit parade Can you guess, surprise it is the medical industry. We know how he is looking out for. No wonder when Krisanne Hall upset his applecart, he told her he thought she should hang.

Check your legislators and call them out for siding with the medical industry instead of you.

NOTHING IS MORE IMPORTANT THAN CALLING YOUR LEGISLATORS.

Through unity of its citizens, SC will have a Bill to nullify Obamacare.

OK is right behind them. OK Representative Mike Ritze and OK Senator Nathan Dahm have filed a nullification of Obamacare bill (SB203 and HB1021).

IN, ME, NJ, are front runners to nullification.

OH: Sorry RINO Kasic caved.

FLORIDA: Call your legislator. Ask them if We the People (their employer) determined that they get the same health insurance as us, would they choose Obamacare. The people who put Obamacare together NEVER looked at cost. Obamacare will bankrupt Florida. state.

EDUCATION

NORTH CAROLINA SUPERINTENDENT

DENIES OFFICIALS ACCESS TO COMPETENCIES

Unreported by the major media is the fact that the North Carolina Superintendent of Public Instruction, Craig Phillips, exhibiting understandable paranoia over the possibility of parents, members of the North Carolina State Board of Education, and legislators finding out which competencies (behavioral objectives) North Carolina's children would have to master, initially refused to give copies of the 6,000 K-12 Basic Education Competencies to the above-mentioned individuals. It should not go unnoticed that this monstrosity would cost, at a minimum, three billion dollars over an eight year period.

Only the threat of a lawsuit by Bob Windsor, the gutsy editor of the North Carolina Landmark, and pressure from elected officials and parents, forced Phillips to cave in and provide copies

And so again I ask, does it matter what location your child learns communism? CHOICE is not the answer, only changing the curriculum will bring back American.

Choices anyone, how many choice does your child need to learn Communism?

Get your child out of the communist gov't school. HOME SCHOOL. Demand America be returned to school. Common Core = Communism. Stupid is as stupid does. Are we so stupid that we will continue to allow communism to run our schools? The problem with the schools is COMMUNISM. Your children are being taught to hate you and love the Communist US Government. School is nothing more than brain control. In 12 years, Americans will have little or no cognitive thinking skills. They will become glorified button pushers. This is a perfect project for your group. Imagine if your community was informed when Agenda 21 meetings occurred, when commissioners made decisions prompted by Regional Councils, NGO's and Non profit conservation groups. If you print the truth they will read it. Too many people are hungry for truth, you can provide it.

This is a great project to incorporate the youth. Make them into reporters, teach graphics, have them find locations. Ask them what they want to read...You will wind up teaching them a lot of truth and they will learn to read.
