Some of the issues in this letter are repetitive. That is for a reason, it takes the average person 10 times to see something before they pay attention. It is also important for you to understand that

- everything is connected
- everything happens for a reason
- nothing is random
- everything is planned
- EVERYTHING IS A LIE

This is a newspaper, and should be read one section at a time. After each section take a breath, let it sink in, then think what is the opposite. Equate every regulation to Money, Power and Control.

Hello Americans:

The deception of this administration is finally being exposed. Yesterday we heard the beginning of the Benghazi slaughter of 4 Americans while our administration watched and Obama went to bed.

Today we heard to the slaughter of 26 Navy Seals as they flew into danger without proper US military support.

This administration has put Americans in danger by:

- illegal immigration
- phony scientific reports that will lead to famine and death
- running guns to our enemy
- failure to identify the enemy
- failure to provide cheap energy
- failure to secure the border
- teaching our kids to be communists
- regulating loss of land
- failure to protect our military
- forcing our military to fight with inadequate equipment
- human trafficking
- Expansion of Muslim Brotherhood - allowing them to help write the ROE
- More military deaths in this administration.
- refusal to prosecute the Wall Street bankers who orchestrated the

and that is just a few items. Every day to me it becomes more and more evident that these criminals allowed to run our government are under an extreme agenda (Agenda 21) designed to lie cheat and steal our wealth and resources. Leveling the playing field means Americans must give up their wealth. Americans must do more for less all to appease those who do less but want more.

This administration has NO respect for individuals. They consider us HUMAN CAPITAL only as good as we are to work for the state so they can give our wealth away.

I am now embarrassed to say I was a teacher. There is no teaching only government indoctrination of our children so they will learn how to work for some favored industry. I used to teach America vs. Communism, no longer taught in our schools. Now there is no America just Communism.

The question is what do we do next? If we let Benghazi, Fast and Furious and Seal Team VI to slide, we are truly a nation lost. If we do not demand the truth we will lose our soul. Will you help? Will you make calls, send emails, follow the money, follow the truth. Will you help spread the truth? Can you take 1/2 hr a day to preserve liberty and freedom or are you so apathetic that America is no longer important to you?

End PC and pick up the phone. Call your legislators, local radio stations and tell the truth. This administration LIES and we do not have to accept lies. Demand consequences for treasonous actions.

THE CLIMATE IS COOLING:

Global Cooling Era to Bring Food Shortages and Social Upheaval Says New Climate Report
Thurs., April, 25, 2013

Press Release 3-2013

2:00 PM EST The inaugural edition of the recently published Global Climate Status Report (GCSR)© by the Space and Science Research Corporation (SSRC), headquartered in Orlando, Florida, discloses startling new information about global food shortages and widespread social upheaval that is just around the corner; all the cause of the new global cooling era. This single source document from the SSRC details an apolitical, fact-based version of the Earth's climate status as measured by twenty four climate parameters.

The summary conclusion of the report shows that the planet is heading into four decades of potentially dangerous, cold weather. Mr. John L. Casey, SSRC founder, Editor of the GCSR, and author of the internationally acclaimed climate book, "Cold Sun" was recently named "America's best climate prediction expert" by Watchdogwire.com. He elaborates on the stunning conclusions of the GCSR by saying, "The news isn't good, especially for those who still believe in manmade global warming and that mankind's CO2 emissions have a major role in climate change. They will be totally unprepared for this new cold era.

Scientists around the world have compiled and is discussed in our global climate report for all to read."

Subject: What died at Auschwitz?

Here's an interesting viewpoint .. The following is a copy of an article written by Spanish writer Sebastian Vilar Rodrigez and published in a Spanish newspaper on January 15, 2011. It doesn't take much imagination to extrapolate the message to the rest of Europe - and possibly to the rest of the world.

THIS WAS IN A SPANISH NEWSPAPER:

"EUROPEAN LIFE DIED IN AUSCHWITZ "

By Sebastian Vilar Rodrigez

"I walked down the street in Barcelona and suddenly discovered a terrible truth - Europe died in Auschwitz ... We killed six million Jews and replaced them with 20 million Muslims. In Auschwitz we burned a culture, thought, creativity, talent. We destroyed the chosen people, truly chosen, because they produced great and wonderful people who changed the world.

These are the people we burned.

And under the pretense of tolerance, and because we wanted to prove to ourselves that we were cured of the disease of racism, we opened our gates to 20 million Muslims, who brought us stupidity and ignorance, religious extremism and lack of tolerance, crime and poverty, due to an unwillingness to work and support their families with pride.

They have blown up our trains and turned our beautiful Spanish cities into the third world, drowning in filth and crime. Shut up in the apartments they receive free from the government, they plan the murder and destruction of their naive hosts.

And thus, in our misery, we have exchanged culture for fanatical hatred, creative skill for destructive skill, intelligence for backwardness and superstition. We have exchanged the pursuit of peace of the Jews of Europe and their talent for a better future for their children, their determined clinging to life because life is holy, for those who pursue death, for people consumed by the desire for death for themselves and others, for our children and theirs.

What a terrible mistake was made by miserable Europe.

A lot of Americans have become so insulated from reality that they imagine America can suffer defeat without any inconvenience to themselves. Recently, the UK debated whether to remove The Holocaust from its school curriculum because it 'offends' the Muslim population which claims it never occurred. It is not removed as yet. However, this is a frightening portent of the fear that is gripping the world and how easily each country is giving in to it.

It is now more than sixty years after the Second World War in Europe ended. This

e-mail is being sent as a memorial chain, in memory of the six million Jews, twenty million Russians, ten million Christians, and nineteen-hundred Catholic priests who were 'murdered, raped, burned, starved, beaten, experimented on and humiliated.' Now, more than ever, with Iran , among others, claiming the Holocaust to be 'a myth', it is imperative to make sure the world never forgets.

This e-mail is intended to reach 400 million people. Be a link in the memorial chain and help distribute this around the world.

How many years will it be before the attack on the World Trade Center 'NEVER HAPPENED' because it offends some Muslim in the United States ? If our Judeo-Christian heritage is offensive to Muslims, they should pack up and move to Iran , Iraq , or some other Muslim country.

Property Rights

See how theft of private property is implemented...

Nations like Ethiopia, South Sudan, Democratic Republic of Congo and Sierra Leone, in Africa have "voluntarily" signed agreements with multi-national corporations and foreign investors, allowing them to control agricultural land. The nation's leaders believe that giving access to their resources will benefit their people; however this is just another manipulative ploy to coerce and acquire control over land, food production and security. Once agreements are signed, the land and the people are indebted to the UN for slave labor to work the land and watch their resources being reallocated to other countries for consumption. The promise of investment and technological advancement are just the hook to convince leaders to sign away the rights of their people and their land.

The Cost of Illegal Immigration

Pssst... Sen. Rubio, Remember Me?

By Paula Helton ([Bio and Archives](#)) Tuesday, May 7, 2013

[Comments](#) | [Print friendly](#) | [Subscribe](#) | [Email Us](#)

Dear Sen. Rubio:

Remember me? I was part of the Tea Party grassroots movement and one of your BFF's during your campaign to become my Senator. Of course, as any middle or high school girl knows, BFF's rotate in and out depending on their usefulness. Apparently I've outlived my usefulness, at least until your next campaign. I'm sure my aversion to becoming a gang member also played a part in your no longer hearting me.

I worked extremely hard on your behalf. I made hundreds of phone calls, I walked not only my neighborhood, but surrounding neighborhoods, I put out signs, I convinced skeptics you were sincere, but most of all I believed in you. I did all this to send you to D.C. to stand up to the progressive left and the GOP RINOS. How did you repay my faith in you? You joined a gang comprised of the very people I sent you to fight against to push amnesty for over 11 million illegal alien lawbreakers. I'm honest enough to admit I was duped. You have new BFF's and I have egg on my face.

You have teamed up with not only the most radical I-hate-America President this country has ever known, but Chucky *we'll never do amnesty again (circa 1986)* Schumer; Robert *I didn't have sex with that underage girl*, Menendez; John *If we do succeed, and I think we will, it will be a testimonial to Ted Kennedy's effort years ago that laid the groundwork for this agreement* McCain; Jeff *I've co-sponsored five amnesties, including being the chief original sponsor with my good buddy, Rep. Gutierrez, for the infamous STRIVE amnesty* Flake. Senator, if I had wanted to send another clone of these Senators to Washington, I would have voted for Charlie *I'm a Republican, no, I'm an Independent, no, I'm really a Democrat* Crist.

During a 2009 interview you made the following statements: I'm strongly against amnesty and Nothing will make it harder to enforce existing laws than to reward people who broke them. Senator, I took you at your word, but I'm beginning to wonder exactly what your word is worth. There is no way to reconcile your emphatic statement in 2009 with your push for amnesty with your new found friends. The video can be found here:

<http://canadafreepress.com/index.php/article/55039>

My unease with you actually started to manifest itself with your vote in favor of the NDAA bill. In response to the many times I voiced my objection to that vote, I was told your vote reflected your extreme fear of Terrorism and defense of this country. Really? That myth was put to rest when you chose to vote to confirm John Kerry and John Brennan. To bolster your trust in John Brennan comes this story from the [Washington Post](#) whereby an agent tied to of all things the horror of waterboarding was passed over for the position of Head of Clandestine Service. Of course, the fine upstanding Senator from California, Diane Feinstein, showed who is really in charge by calling Brennan to express her concern over the possibility that someone so closely linked to the interrogation program would be put in position to lead the agency's spying service. At the same time Mr. Brennan is busy destroying the CIA, your pick for Secretary of State, John Kerry, is busily handing out my tax dollars to those good guys, the Muslim Brotherhood. Would you like a do over on your vote, Senator?

So, now having taken care of the State Department and the CIA to bolster the fight against terrorism, you turn your attention to the plight of the poor criminals who swarmed across our border. Never mind they broke the very immigration law you said needed to be enforced. We now must reward them for flaunting our laws by granting them amnesty. Please stop trying to spin me by telling me it's not amnesty. From the Merriam Webster Dictionary comes this definition of Amnesty: the act of an authority (as a government) by which pardon is granted to a large group of individuals. Please pay attention to the operative word: pardon. That's exactly what your non-amnesty bill does, grants pardons to the illegals in this country. Never mind your bill creates a huge new Federal bureaucracy relinquishing most of the power to enforce it to Big Sis Napolitano. After all, you profess to be a conservative for limited government. There's that problem taking you at your word again. Never mind your bill establishes a new slush fund that will redistribute my taxes to groups such as Acorn (no, they haven't gone away) and LaRazza. Heck, we all know they are fine

upstanding organizations who only have my best interests at heart. What's a little corruption and voter fraud among friends?

Never mind we have already established a cradle to grave entitlement society in this country. Your bill further extends that generosity to not only the people of the shadows , but all the family members the amnesty provides for. As pointed out in the new report from Heritage on the cost of the Gang of 8 amnesty plan, taxpayers can expect to pick up the tab for at least \$6.3 trillion in benefits for your newly legalized citizens and their families. Oh, wait, your Mythbusters Website says they won't get Federal benefits. The only thing Mythical on that website are your facts. In case you haven't had the opportunity to read the Heritage report, [go here](#). Senator, you have asked for ideas to make your bill better. Here's mine, BURN IT! As the ashes cool, how about we try the following:

- Build that fence we were promised in 1986.
- Enforce our current immigration law.
- Immediately cut off taxpayer funded welfare and education for illegals.
- End the practice of sanctuary cities.
- End chain migration practices.
- End the anchor baby citizenship.
- And, horror of horrors, bring them out of the shadows and send them home.

Finally, Senator, please don't contact me when you are once again campaigning. I'll be too busy looking for a new BFF. As the saying goes, fool me once, shame on you; fool me twice, shame on me.

We were told we were crazy and Agenda 21 does not exist. LIES of the media. In 1994 this children's guide surfaced. This guide addresses the military through propaganda. No wonder children grow up and have no respect for the military.

According to *Rescue Mission, a Children's edition of Agenda 21*, written and published in 1994, "Agenda 21 says, " **Funds could be raised by reallocating resources now committed to the military.**"

The questions are:

- If Agenda 21 does not exist why was this book directed at the children? Because these children
- will grow up and believe that these policies are the best.
- Where are these children today? IN our congress.

Do you now understand how indoctrination works?

Communication Is Key...

Create your own media. There is only one way to take back America and that is with the truth, education, communication and action. So what can you do?

This is a perfect project for your group and youth in your community. Imagine if your community was informed when Agenda 21 meetings occurred, when commissioners made decisions prompted by Regional Councils, NGO's and Non profit conservation groups. If you print the truth they will read it. Too many people are hungry for truth, you can provide it.

The youth can become the reporters, learn graphics, get distribution. Ask them what they want to read...You will wind up teaching them a lot of truth and they will learn to read.
