Some of the issues in this letter are repetitive. That is for a reason, it takes the average person 10 times to see something before they pay attention. It is also important for you to understand that

- everything is connected
- everything happens for a reason
- nothing is random
- everything is planned
- EVERYTHING IS A LIE

Topic: John Casey, the truth about the climate. are you prepared?

Thursday night conference call:
8:00 PM EST,
7:00PM CST,
6:00PM MST,

This is a newspaper, and should be read one section at a time. After each section take a breath, let it sink in, then think what is the opposite.

Hello Americans:
We must destroy capitalism."

1. the middle class who must redistribute their wealth with foreign dictators and the UN.
2. any sense of nationalism but leaving borders open for all of the world trash who come here and demand rights.
3. the school system no longer capable of educating my cat.
4. American heritage and tradition because of multi-culturalism
5. healthcare as we know it in order to make room for more illegals.
6. entitlements who now give more money and gifts to those not working that those working

Essentially, they MUST and ARE hell bent on destroying America and the American spirit. So how do they do that and what can we do about it.

As we know if you don't know your enemy, you can't fight the war. So exactly who is the enemy? Actually we have 2 enemies, the Globalists communists following Bill Ayers and Marxism in our White House, current administration and in congress and the radical Muslims who want us dead. They are now working together. We on the other hand are still fighting each other.

Who are the globalists:

The globalists are really a cartel running the banks partnering with governments. A cartel is a formal (explicit) "agreement" among *competing* firms. It is a formal organization of producers and manufacturers that agree to fix prices, marketing, and production. Another word is crony capitalism. Where the government makes rules and regulation just for the sake of regulating others out of business. In America that is EPA, FDA, NOAA, FED partnered with banks and industry. The question is who's business, what partners.

Obama favors the Saudis and the Muslim Brotherhood. With an open check book and no one holding Obama accountable, the Muslim Saudi influence is ramped in this administration. While Americans suffer, he brings in more Muslims, both legal and illegal with the goal of depleting American resources taking down the economy. Our impotent congress watches as American falls into oblivion. Where is the outrage. As your tax dollars go into marketing programs promoting government entitlements, we now discover we are paying for radicals to come here and KILL US. Where is the outrage? Are you calling your congressman and demanding an investigation? The silence is deafening.

Glenn Beck exposed the lies of Boston and Benghazi but there is much more. The Muslim brotherhood hold over this administration is staggering.

1. Muslim Brotherhood is in our government holding key positions.
2. Muslim Brotherhood is in schools as continual errors are found in texts. Do the Saudis control text book companies? Why is Islam favored over Judeo-Christian values of America?
3. Muslim Brotherhood is in our national security as they demand the FBI and DHS remove Jihad, Muslim terrorist so no one will know who is the enemy and we will continue to be attacked?
4. Muslim Brotherhood / Saudi controls American oil as we are subject to their whims of price fixing.

5. Muslim Brotherhood getting weapons and money - borrowed American tax dollars while Americans lose jobs, starve, and live in tents and cars.
6. Muslim Brotherhood / Saudi controls American media demanding which words are to be used to describe terror attacks.
7. Muslim Brotherhood / Saudi controls American businesses. Wonder where American Business are going with our tax dollars, not in America. <http://www.us-sabc.org>
8. According to Ken Freeman, Secret Weapon, How Economic Terrorism brought America Down, he describes how the Muslims running banks united to take down Israel and American. They shorted Lehman Bro because they were Jewish and felt it would be the domino to destroy the Israeli and American economy. They were right.
9. Mosques are used for terror training and this administration refuses to investigate <http://freedomoutpost.com/2013/04/more-evidence-that-two-boston-mosques-have-ties-to-international-terrorists/>

This is the tip of the iceberg. It is the goal of the Muslim Brotherhood / Saudi and Marxists to shift control of America to the UN (troops already on American soil) and fly the Muslim flag over the White House by 2015. Our silence will insure that this happens. Their goal is to destroy America. Every government program is designed to cost a fortune and NOT WORK. Money, Power Control is the goal.

- Money - They let the Fed print until the dollar is worthless
- Control is through phony regulation
- Power - Only your silence can give them power.

Do not for one minute think that this started with Obama. it did not.
NOTEWORTHY: mention of 1982 law passed to shield Saudi business actions. Are legislators ignorant or just plain stupid?

Great job everyone... Thank Matt Gaetz and Greg Evers

Florida Senate passed SB 320 sponsored by Senator Evers. This language is equivalent to the House bill that was passed two weeks ago and repeals the ethanol mandate in the state of Florida. I am proud to say that both chambers of our Legislature agree that consumers in Florida should not be subject to oppressive mandates.

This legislation will now be sent to Governor Rick Scott. We are hopeful that after this long battle, the faithful patrons of our great state will be relieved of the overwhelmingly negative effects of ethanol.

THE CLIMATE IS COOLING: They are lying about the climate because it will make them money. If we listen to them we will starve. It is cycle. The sun (you know the object in the sky controlling our weather) is shrinking as it always does every 206 years. Just look at the weather this year and it will get worse. PREPARE. Snow will melt, floods will come specially since the NWO commanded by Agenda 21 blew the dams. Then want us to starve. Look at the price of food. What do you think will happen once the cold destroys the crops? The NGO bureaucrats are destroying our farms and fisheries. YOU will be the recipient of their failed policies. PREPARE. Barack Obama is called a pure Communist by the Russian Press and many in Russia are making that statement. Maybe that is why the Boston Bombers could get away with what they did. It seems that Russia knew that the older brother was one to watch and they informed our intelligence community of it, yet the FBI once again failed because they "did not want to inflame people with Jihad connections or ideology!" Obama has declared that the United States will not "attack" those who hate the United States and instead, Obama wants to try to appease the situation in the terrorists' favor. One individual, a man named Xavier Lerma, who wrote many articles about Obama and what he has done, along with calling the people of the United States stupid and ignorant for putting him in office has openly called Obama a communist! His article, "Obama's Soviet Mistake," discusses why what Obama is doing now has been done before in Russia and it failed.

EDUCATION

As Americans surrendered their educational system to the federal government, they also surrendered their republic.

During the 1960s, educational expert Benjamin S. Bloom's Handbook I and II shaped ten educational goals for public schools. Nine of those goals focused upon changing the values and belief systems of American children so they would embrace Bloom's vision of a "world view". I remember that history text books I used in my classroom in the 1970s typically provided only two sentences about America's republic. One contained a superficial definition and the other stated that America was a republic. The rest of the chapter praised democracies. I refused to buy into this description but how many others did not. The 60's marked the end of American as we knew it as we allowed the Marxists educators who were allowed to IMMIGRATE to America to control education. SILENCE IS NOT AN OPTION.

Today your legislators have little or know knowledge of America.

Communication Is Key...

Create your own media. There is only one way to take back America and that is with the truth, education, communication and action. So what can you do?

Columbia, MO, March 7, 2013 - "Who controls our media?" Speculation abounds as, clearly, our population knows the media cannot be fully trusted. The polls reveal the distaste our population has for the mainstream media. Yet, who does control our information? Peddling Influence, the latest expose' by independent filmmakers William Lewis and Gary Franchi, exposes this as it answers such age-old questions as: Do we really have free press?
