Some of the issues in this letter are repetitive. That is for a reason, it takes the average person 10 times to see something before they pay attention. It is also important for you to understand that

- everything is connected
- everything happens for a reason
- nothing is random
- everything is planned
- EVERYTHING IS A LIE

Hello Americans:

OBAMA: AMERICA'S PLAGUE

A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. A murderer is less to fear. The traitor is the plague.

Marcus Tullius Cicero [ancient Roman scholar, lawyer, statesman and orator 106BC - 43BC]

Rogue Agencies regardless of directives from the court or Congress, refuse to alter their destructive ways and continue to destroy American's Rights and private property. Ken Salazar (DOI) under a contempt of court citation, still refuses to grant permits for oil companies to drill keeping gas prices artificially high hurting every American budget and business. In addition, there is a disturbing trend by which the Department of the Interior (DOI) continues to bypass Congress, and the public, in establishing new federal designations and policies. As you know, Congress expressed its serious reservations of the Wildlands designation through a Secretarial Order. The creation of that new federal designation was highly controversial, lacked transparency, and was legally questionable. Congress subsequently blocked funding for the Order. *However, you have never rescinded the controversial Order.*

On August 2, 2012 members of the Senate and House Western Caucuses sent you a letter expressing concerns regarding Bureau of Land Management Manuals 6310 and 6320, which mirrored the same rejected policies of Wildlands Secretarial Order 3310. These manuals were crafted without public input or notice.

With all of this going on Obama the food stamp president, is focused on bypassing congress and instituting a carbon tax; no Keystone regardless of how many jobs this will produce, more on foodstamps, tens of thousands of regulations that unelected bureaucrats dream up, stealing land, giving money and guns to our enemies, while totally destroying the middle class as income and buying power decreases, more taxes and less productivity for America as he gleefully watches American suffer.

For the last week I have been traveling all over LA. A beautiful state with a massive problem, The Katrina money never goes to the people ho needed it. I saw rows and rows of stackem houses

4 years old, but vacant. Neighborhood after neighborhood while around the corner people were forced to live in squaller. This is a result of the Katrina billions going to corrupt officials. So we pay for empty homes and we pay for people to live in squaller. Welcome to your new sustainable developments, just like the new Chinese ghost cities. The purpose of sustainable developments is to make money for the political officials, their friends the developers, realtors, banks etc. They are designed to cost the to American taxpayer a fortune.

The corruption in DC is disgusting, Ryan,s budget is a joke, the taxes and regulations in Obamacare will bankrupt Americans, bills are passed without being read, congress is exempt Americans lost a fortune. Children are being indoctrinated into communism, 80% of the kids think the government must take care of them, white people are the new terrorists. Had enough, we have.

Last week we discovered that The Tea Parties are dead because no one hears from us. Of course the fact that the comrades signed the NDAA and allowed phony lying crooks to push up gas so they could sell green, doesn't make anyone want to go to DC. Since it is visibility they want lets give it to them.

Scared, don't be, you are not alone. The Globalists want the seniors and disabled dead, and are doing everything possible to make that happen. BUT No matter what pole is use, 70-80% of the population is miserable, confused and disgusted, but they don't know why. That leaves 20% left of that 20%, 10% are the globalists hell bent on destroying America through some Muslim or communist plan. What if I told you they are the minority and we are letting them control just because we do not take the time to investigate for ourselves. So the Robber Barons criminals are no nothing criminal globalists destroy our lives.

Obama and his comrades are in phase 2 of communism following UN Agenda 21. Step One: create the crisis - 9/11. Step Two: People give up Rights for security, gov't demands more taxes and regulations to pay for protection. They must destroy the middle class by over regulation to put small biz business out of biz, They must get as many people on entitlements so they will never vote for any other party; they must follow Cloward and Piven to insure the destruction of America.

They have already said they want to kill us, so now comes decision time. Will you be like:

- the Negros, Ukrainians, Chinese, Jews and Christians getting on the trains to the camps waiting for extermination,
- or are you one of those who turned up their radios so they could not hear the cries and screams of those on the trains,
- will you turn on your neighbor for a meaningless infraction

Reread the Declaration of Independence. Are you fed up enough to stand strong and demand impeachment? There is a list on our web site http://americanfreedomwatchradio.com/?page_id=855

Will you call these Representatives and demand Impeachment? Will you call groups and ask them to do the same? Tell everyone you know, March 18, Twitter and FB to all of the legislators and demand Impeachment. Join us in a social media blitz, each day a new message sent to the media and congress. Think they will listen?

I will not comply, will you? I will prepare, will you? Will you tell the truth to everyone you meet? Will you reach out and end the divide by being an American? Will you call your legislator? Will you demand your legislator stop funding communism and bring America back to school?

Go to Agenda21today.com, Get Involved and use the tools to help, get on our call Thursday night.

Go to the Anti Agenda 21 legislation and sign the petition.

We must stand and fight the forces of evil as unified Americans for there is no place to go once America falls. YOU ARE AMERICA.

The cat is out of the bag in Florida. No longer can the Legislators say Agenda 21/sustainable Development doesn't exist.

Florida: DR Michael Coffman will be in the Florida Capital RM 309 on March 20 from 11-2
We invite all Legislators and staff to meet Dr Coffman in an educational Q&A to end the mistery around the now open past secret called UN Agenda 21 now in filtrating every aspect of Florida policy.

Call your legislator and tell them to attend the meeting.

AWARENESS IS THE FIRST STEP IN THE RESISTANCE.

FL: State Sen. Alan Hays, chairman of the Senate Appropriations Subcommittee on General Government, says he was "astounded" to learn how much of Florida is owned by government agencies.

He has introduced legislation that he said should start a conversation about how much is needed.

Sen. Alan Hays, chairman of the Appropriations Subcommittee on General Government, has introduced SB 584. The bill allows state agencies and local governments to buy conservation land only if an equal amount of property not being held in conservation is returned or sold to the private sector.

Please call Sen Hays and support this important Bill # SB 584.

Then call your Senator and tell them to support the Bill.

enough ammo for a 20-year war in the homeland.

Dispelling the myth that it's all for training.

Despite the fact that most of the mainstream media has dismissed these purchases, by claiming they are for training purposes, the article rightly points out that DHS only uses 15 million rounds every year. At that rate, the current stockpile would last the Department of Homeland Security 106 years; keep in mind that the 1.6 billion rounds is what they've purchased in the last 10 months.

To bring the numbers into perspective, the Forbes article goes on to point out, "at the height of the Iraq War the Army was expending less than 6 million rounds a month. Therefore 1.6 billion rounds would be enough to sustain a hot war for 20+ years." **If this is all for training purposes, why are they purchasing MRAP armored personnel carriers designed for war?**

Toward that end, RS [seeks](#) to “connect [the lessons in] our classrooms to the struggles in the streets.” This applies even to very young children, as evidenced by an RS [guide](#) to preschool education advocating “[social justice](#) and ecological teaching” rather than “a too-heavy focus on academic skills.”
