Once **Juneteenth** members participate with **Tea Parties** and **Tea Party** members participate in **Juneteenth Celebrations**, it will be very difficult for anyone to play the race card again.

Currently **37 states**, the District of Columbia and the **U.S. Congress** have recognized **Juneteenth** as a state holiday, state holiday observance or special day recognition. **Juneteenth**, the **"19th of June"**, and the **National Day of Reconciliation and Healing From the Legacy of Enslavement**, observed on the **"3rd Friday in June"**, continues to bring all Americans together to celebrate life, freedom and promote reconciliation and healing for the nation.

The rest is up to us. So let's go to work and show the world that we are **Americans First**.

## **2011 Tea Party Juneteenth Special Announcement**

**UNITING AMERICA  
THROUGH THE CELEBRATION OF  
FREEDOM**

[www.juneteenth.us/teaparty.html](http://www.juneteenth.us/teaparty.html)

Dear Tea Party Leaders:

Since its inception, the **"Tea Party Movement"** was a thorn in the side of the opposition. With very little to criticize naturally, the opposition chose race and continues to use this issue to try to divide Americans of all races. Creating distrust with Americans of different ethnic backgrounds keeps all us from working together as citizens to deal with very serious issues confronting our nation. This is an age old tactic called **"divide and conquer"**. We can not let this continue if we are going to change the current tide toward destruction.

The race card is an old distraction used by the **Liberals** and is a very simple strategy used to confuse and distract their opponent. In order to transform Americans into **"Global Citizens"**, **Liberals** must find a way to divide and conquer to follow their true goal of control of money and power with redistribution of wealth and socialism as the outcome. Every time **American Patriots** focus on anything like race, instead of keeping America free, secure and employed, **Liberals** win, leading to legislation damaging America. Many times this legislation is passed silently in the night. Once distracted by false accusations like race, our freedom erodes in an avalanche of Bills and regulations. We must understand **Liberal** strategy, remain calm and show our love of **FREEDOM**, America, **GOD**, our families and neighbors by our actions.

It is for that reason, we want to introduce

you all to the **National Juneteenth Observance Foundation (NJOF)**, chaired by **Rev. Ronald V. Myers, Sr., M.D.**, embraced by **Frantz Kebreau** with the **Uniting America Foundation**, **Karen Schoen**, with the **Pan Handle Patriots & Agenda 21 Today** and **Stephen Hunter** with **Tea Party Solutions**.

The **"Modern Juneteenth Movement"**, through the leadership of Dr. Myers, has chosen the **"19th of June"**, 1865 as the second most important date to celebrate freedom in American history. It was the day that freedom from slavery was announced by Union General Gordon Granger through the reading of **General Order #3** in Galveston, Texas. It took over two and a half years for the news of freedom, through the **Emancipation Proclamation** that was signed by President Abraham Lincoln, to reach the southwest region of Texas, the last geographic region in America where slavery was tolerated.

**Juneteenth**, the **"19th of June"**, is also known as **"Juneteenth National Freedom Day"**. **Freedom** is the common bond that binds all Americans.

**Juneteenth** completes the cycle of **Independence Day Celebrations** in American history, beginning with the **"4th of July"** and completed by the **"19th of June"**.

We should all remember slavery, the purest form of tyranny, as a horrific blight on our history, never let it be erased from our texts and never be allowed to be repeated. When we study the history of slavery we find that all races had a share in its implementation and practice. Slavery is not a **"black vs. white"** issue but rather a **"good vs. evil"** issue.

Our **Independence Day**, celebrated on the **"4th of July"**, started America on the path to **Freedom**. **Juneteenth**, celebrated on the **"19th of June"**, finally guaranteed **Freedom** for all Americans. Therefore, let us welcome all our neighbors as Americans first, celebrating **Freedom** as united Americans citizens. Let us stand together against the use of racial identity, African Americans, Latino Americans, etc., to prevent us from being called simply, **"Americans"**.

Together we can eliminate the words that are designed by the opposition to keep us divided. Let us come together in support of words of the **"America First Initiative"** (see below). Let us join with our fellow Americans in celebrating **Juneteenth** as the **Celebration of Life and Freedom** throughout the country.

There are hundreds, perhaps over a thousand, **Juneteenth Celebrations** all over our nation. Please contact Dr Myers (see below) who will identify a
