

Operation Paul Revere

Dear Patriots

WE, THE PEOPLE, are called to ACTION in August to declare our independence from tyranny and to preserve the Constitution of the United States of America.

While your state and federal representatives are in recess in their home districts, it is imperative that you schedule meetings with them and engage them in face-to-face conversations regarding the effects of Agenda 21 in your community, in your state, and in our country. Many of them are actually clueless about this despicable plan for a communistic one-world government (New World Order). It is your patriotic duty to educate them.

Remind your elected officials that **they work for you** - not for the lobbyists and foreign interests. Demand that they execute the following *Plan of Action* when they return to DC in September:

1. Implement a House Committee on UN-American Activities. America does not answer to the Communist / Socialist United Nations! America's only rule of law is that which is written in the Constitution of the United States of America. Why are US Department heads taking direction from the United Nations instead of the Constitution?
2. All state and federal agencies must appear before Congress to provide a detailed report of their money flow, incoming and outgoing. Any funds going to or coming from a foreign agency is in direct violation of Article 1, Section 10 of the Constitution of the United States. Federal and State Agencies have been stealing our dollars and giving it to the United Nations and foreign countries in forms of grants, while America deteriorates.

resources, energy, farmland, and fisheries than any other country in the world. Dumbed- down education, phony science, and fraudulent regulations are designed to weaken America.

4. Defund the rogue agencies and give control back to the States, per the 10th Amendment. States can clean up waste, fraud, and abuse; provide an AMERICAN education; and, close the borders.

Before your visit with your legislator, watch the following videos so that you will be knowledgeable enough to educate. The hardest thing that you will be asked to do is to have an open mind. Almost everything that you have learned in school and through the media about our country's history and government is a lie.

Also, visit informational websites on UN Agenda 21 for facts to print out and hand to your legislator. Agenda21today.com, americanpolicy.org, freedom21.org/ are good places to start.

At the end of your visit, have your legislator sign the attached Conversation Receipt. Then, retain it in your files. This will insure that your legislator cannot claim ignorance of Agenda 21 when he/she returns to DC. Also attached is a comprehensive list of websites for expanded knowledge of UN Agenda 21. You can copy them onto a DVD to hand to your legislator or send the list in a follow-up email. Watch them yourself.

Please go to agenda21today.com and tell us the outcome of your meeting. Also, go to freedomconnector.com and join, if you are not a member; then, join the Agenders group, where you can also discuss your visit.

It is Boots on the Ground - for your children and grandchildren. This is your last chance to save the Republic for THEM!!

CONVERSATION RECEIPT

On _____, at _____, I, _____,
engaged in a ____ minute conversation with my constituent,
_____, during which I was informed of UN Agenda
21 and the scope of its implementation in the United States of
America at the local, state, and national levels. I was alerted to its
destruction of the Constitution of the United States and its blatant
violation thereof, through funding to and from foreign agencies in
violation of Article 1, Section 10 of the Constitution and through
regulations implemented through Non Governmental Agencies
(NGO's) that obliterate the personal liberties that are guaranteed in
the Bill of Rights.
