

TALLAHASSEE MODEL UNITED NATIONS GROUP

JUST CONTACTED

THE SENIOR CHIEF FOR NEGOTIATIONS

The United Nations Model Group (TSMUN) that muster up each year at the State Capital in Tallahassee to indoctrinate our kids into the New World Order just contacted me.

The Senior Chief, AKA The Rogue Patriot, (that would be me) received a phone call today from a representative acting on behalf of this group. They asked me to cancel my rally on Feb 17th 2012 in front of their United Nations forum in Tallahassee.

This is the same bunch of clowns that sent the FBI to my house to interview me when they did not appreciate my gun picture. (I now have reserved parking signs in front of my house for the FBI, The Florida Dept. Law Enforcement, The Florida State Police and the CIA)

This tactic of intimidation against the Senior Chief FAILED. Now they try the diplomatic approach. I am not a diplomat. I am a Senior Chief. I don't negotiate from weakness or from the bottom of the hill. First I take the high ground, set up a perimeter, re-arm my ground troops, then negotiate from a position of strength.

If the United Nations group (<http://tsmun.club.officelive.com/default.aspx>) surrender to me. I will cancel the rally in front on the State Capital.

Here are my terms and conditions of capitulation.

the act of [capitulating](#).

the document containing the terms of a [surrender](#).

(1) All websites that identify the United Nations TSMUN group and all correspondence emanating from this group to our children and parents in our middle schools and high schools will have a disclaimer that states:

"The United States Constitution is the supreme law of the land and the United Nations has no jurisdiction in our Republic" This forum for your children is for educational purposes only.

(2) All United Nations forums and events hosted by the Tallahassee College Model United Nations will include a disclaimer spoken at the beginning of each program to our kids by the event coordinator Richard Murgo at MURGOR@tcc.fl.edu (850) 414-2849 that says:

"The United States Constitution is the supreme law of the land and the United Nations has no jurisdiction in our Republic" This UN forum is for educational purposes only.

(3) A disclaimer will be printed in all flyers and brochures at their events that states "The Karl Marx based "Three Pillars of Sustainability" endorsed by the United Nations are forms of Communist control over private property"

Their flyers will state that, "Climate change caused by man is a fraud initiated by socialists in the United Nations to leverage power over private energy companies in the United States"

The United Nations Communists endorsed by President Obama are trying to create conditions to control our energy supply. They want to initiate phony carbon taxes on the American people to eventually redistribute this wealth to other nations." Karl Marx 101.

The United Nations National Security Council (NSC) role play coordinated by the professor will include the disclaimer by the event coordinator that states

(4) "In accordance with the United States Constitution, only the Congress of the United States has the authority to declare war in protecting this Republic". We do not need permission from the United Nations to defend our borders or our international interests. This includes protecting free trade between foreign nations and the United States.

We do not recognize any foreign or international laws. They have no jurisdiction in this country. Only the authority vested in our Republic by our Founding Fathers in the words written in the US Constitution as ordained by our creator.

(5) You will provide pocket copies of the US Constitution to each child as they enter your forum.

These our our basic terms of your surrender.

When these conditions are met to the best of your ability and or agreed too I will cancel the rally. So far my ground troop support is approximately 461 patriots. All we want is to ensure our kids do not come out of your event thinking the United Nations has any authority over Americans. We are a sovereign country.

We don't bow to foreign nations. We don't apologize for our nation. We don't allow the forces of tyranny and oppression to take a foot hold in this free country.

We do however support your right under the 1st Amendment to have your United Nations forum. Just so long as you make sure that you tell the kids "The United Nations has no authority in this country. Not today, not tomorrow, not ever"
