## **Tallahassee Mayor John Marks**

Leon County and the City of Tallahassee are a United Nations/ICLEI/Agenda 21 community. ICLEI is a program being enacted by the United Nations for one world government. The EPA and environmental groups are working with the UN to take away your individual property rights, water rights, farming rights, fishing rights, and educating your children to accept this. Anyone knowing location of the above person should contact him and advise that he should cancel all ties with these organizations. Membership with these organizations are believed to be a violation of the Article 1, Section 10 of the US Constitution.
