

Operation Paul Revere

Dear Patriots:

WE, THE PEOPLE, are called to ACTION to declare our independence from tyranny and to preserve the Constitution of the United States of America.

We are losing our liberty. Join us on October 24, United Nations Day at our State Capitols across the country to protest the United Nations lies purposely inflicted on Americans.

If you must get a permit for your capitol please do so. Join with other groups and tea parties who have suffered by the phony scientific consensus made up by the UN.

Our signs must all be the same. Get the USA OUT of the UN. Get the UN OUT of the USA.

We have our permit in Florida and we expect every American to show up !

It's a MONDAY, take the day off and defend your liberty! The UN

Global Warming has ended and CO2 has nothing to do with the change in climate. Human activities have nothing to do with the climate . The polar bears aren't endangered and neither are many fish, animals or plants as spewed by the media or the EPA. The Endangered Species Act is being used to stop growth and natural movement of people to move and build at will. The endangered species is man. Climate has been used as an excuse to "control" us.

Sustainable Development UN Agenda21 is a Global Governance Plan to take the sovereignty of this country using American Taxpayer dollars. Our presidential leadership has been creating policy through Executive Orders, using the United Nations Conventions and using NGOs and Non Profit Organizations to destroy our free enterprise system and our chance to create jobs. By picking environmental companies that have been certified "green" over private business, handing "green" corporations "grant money" in partnership with our tax dollars on local level and state level our jobs have been shipped overseas.

States and the US Government are using agencies such as DOT and EPA to steal private property under the guise of conservation and preservation. They have been forcing buffer zones, demanding property

owners move from their property, restricting fishing, farming and changing local land use plans using international organizations like ICLEI and Green Print to guide the takeover of our cities and counties across our land. The Agencies and US government have used local agencies and public meetings to deceive the American people using visioning techniques Regionalism, our country and each state divided and controlled through the regional method destroys state sovereignty. America is a country of States not regions. Lenin: **Take away a person's heritage and they will easily be persuaded.**

Please read the letters on spaceandscience.net. Share them with your Congress and Senatorial Representatives, Federal and State. Send it to everyone you know. The media has lied, scientists have been held back from giving us the truth for political reasons (UN green agenda). Demand these agencies be defunded. Join us at your state capitol and demand that the UN stop funding the UN and the UN gets out of the US.

We know the truth and the truth shall "set us free". Simple as that. Pass the documents to the world!
