Most Americans do not know what socialism so each week let's review a different topic.

**Socialism squashes individual freedom**

- Socialism eliminates "injustice" by transferring rights and responsibilities from individuals and families to the State which actually creates injustice
  - Socialism destroys true liberty: the freedom to decide all matters that lie within our own competence and to follow the course shown by our reason, within the laws of morality, including the dictates of justice and charity.
  - **Capitalism is strengthened by individualism, excellence and freedom of choice**
- 

**There has NEVER been a more important issue than the Islamization of America and our law. America faces "clear and present danger" from the spread of Shariah law in American courts and communities!**

With less and less energy sources, the citizens will have a freezing winter to look forward to, said John Casey of [spaceandscience.net](http://spaceandscience.net). This group of scientists have evidence of record cold, numerous earthquakes and volcanoes for our future. Could someone please explain how those solar panels work in volcanoes and earthquakes? What about those windmills, they should work great in the ash. Be Prepared.

**Sheriff Mack joins the Agenders with a training program for citizens and their sheriffs to raise money for sheriffs. Nov 28-Dec 5, Sheriff Mack will be back in Florida.** The county sheriffs are key to taking back our Republics! Please support these brave oath keepers. But the county sheriffs cannot do this alone. They need training, education, and support. To this end, Sheriff Mack, the [CSPOA](#) or the Constitutional Sheriffs and Peace Officer Association. is planning one of the first projects, national convention of up to 200 county sheriffs, targeted to convene in January 2012 in Las Vegas, Nevada. We can free America now, one county at a time, with the leadership of one county sheriff at a time. Schedule will be set shortly  
The only real savior of the individual is the sheriff in the county. <http://www.countysheriffproject.org/>
